WOODROW WILSON IS THE NOMINEE

Educator Chosen by New Jersey Democrats For Governor of State.

ACCEPTS HONOR WITH SPEECH

Talks of Needed Reforms in Democratic Party—Republican Rule Denounced in the Platform Adopted.

Trenton, N. J., Sept. 15.—Today's New Jersey Democratic State Convention nominated Dr. Woodrow Wilson, president of Princeton University, for the office of Governor of the State.

Dr. Wilson's nomination was brought about largely through the influence of former United States Senator James Smith, Jr., of Essex county, who is undisputed Democratic leader of the State, who seconded his

nomination, and Robert Davis, leader of the Hudson Democracy, who for the first time in many years acted in harmony with Senator Smith.

Besides this support Dr. Wilson had with him a number of independent Democrats who thought because of his standing as an educator, he would make an unusually strong candidate.

Dr. Wilson was nominated on the first ballot and received 40 votes more than was necessary to nominate him. Frank S. Katzenbach, Jr., who was the Democratic candidate three years ago, and was not a candidate this time, although urged by his home county, was a favorite with individual delegates and received nearly 400 votes in the convention.

Other candidates voted for were State Senator George S. Silzer and Mayor Otto Wittpenn, of Jersey.

The total vote was tabulated before the counties moved to make it unanimous and showed: Wilson 747 1-2; Katzenbach 373; Silzer 210; Wittpenn 76 1-2; Sheriff William Harrigan, of Essex, 6.

The platform adopted was in line with the Democratic platform of three year ago, except that it was more specific in advocacy of reform measures, including the conferring of rate making power upon the present public utilities commission. The platform declared among other things that the Republican party, through the present tariff law, is largely responsible for the high cost of living and demands an intelligent revision downward. The platform also demands a Federal corrupt practices act and for the election of United States Senators by popular vote.

Dr. Wilson, after his nomination, came before the convention, accepted the nomination and made an address which was highly pleasing to the delegates.

After saying that the platform was sound, explicit and business-like, Dr. Wilson said:

"There are three great questions before the people—reorganization and economy in administration; equalization of taxation, and the control of corporations.

"Other important questions are the proper liability of employers, the question of corrupt practices in elections and the question of conservation.

"Our system of government should not be necessarily complicated and elaborate and there should not be too many separate commissions and boards."

Referring to taxation, Dr. Wilson said: "Our system of taxation is ill-digested, piecemeal and haphazard. This system should not be changed too radically, but the whole system should be carefully reconsidered and altered in such a manner as to fit economic conditions."

Discussing the question of corporations, the speaker said: "Corporations should not be favored in the matter of taxation. The power to regulate taxation and fix rates should be vested in a public utility commission. The regulation of corporations is much more the duty of the State than the Federal government."

In concluding his speech, Dr. Wilson said: "The playing of politics is to be deprecated. Measures having for their object the betterment of our conditions should be conceived in the largest spirit and urged by leaders who are statesmen and not demagogues."

President Wilson Pleased.

Princeton, N. J., Sept. 15—President Woodrow Wilson returned to Princeton after finishing his speech of acceptance at Trenton. He said:

"You can say that I am highly honored by the nomination, especially as it came absolutely without solicitation. No promise or pledge was given by me and I am a free candidate."

When Dr. Wilson was asked how his relations with Princeton would be affected, he said of course, he would resign if elected.

NEW NATIONALISM ROOSEVELT CREED

Ex-President Addressed Himself to His Critics at Riverhead, L. I.

ADDRESS AT COUNTY FAIR

Is Not Talking Revolution in the Sentiments Expressed—Development of Corporations and the Needs of Regulation.

Oyster Bay, L. I., Sept. 15.—Theodore Roosevelt said today that he is not talking revolution in declaring his new political creed. Neither is he making an appeal to mob rule. In a staunch defense of his doctrine of the "new Nationlism" he declared that he was merely urging the application of old moralities to modern coditions. At the same time he replied with spirit to those who have been opposing him and hotly denounced newspapers which he said attacked honest public men.

Col. Roosevelt's address was delivered at the Suffolk county fair at Riverhead, L. I. He rode about 120 miles in an automobile to and from Riverhead and spoke to a great crowd on the fair grounds.

The colonel's exposition of new Nationalism" came at the close of a speech in which he also denounced dishonest corporations, dishonest men of wealth and political bosses. He made no reference to the New York State political situation.

"I have noticed a good deal of comment on my speech on 'new Nationalism'," he said. "All that new Nationalism means is the application of certain old time moralities to the changed conditions of the day."

Col. Roosevelt spoke of the development of corporations and the need of governmental activity to control them. He said in part:

"I want to see such control of the wealth now gathered for business uses as to favor the honest man who uses the wealth genuinely for the service of the public and to make the dishonest man feel that he has to do what is right; and if he doesn't feel it we shall see to it that he does.

"That is my whole creed. That is all there is in it. There is no revolution in it. There is no appeal to mob rule. On the contrary, I recognize mob violence as an enemy of the public good, just as much as lawless wealth. I am against the poor man who is guilty of the crime of lawless violence and, when it is in my power, I shall try to punish him for his misdeeds, just as whenever I have the power, I will join with those that see to it that the corrupt man of wealth is good—not because he likes to be, but because he has to be."

Col. Roosevelt spoke with even more customary earnestness. His words were received with cheers.

"There are two prime difficulties in getting good government. One arises from the dishonest politician. I think the corrupt politician no worse an enemy of the people than the man who lies about the honest public servant. The corrupt politician is no worse than that corrupt politician's mainstay, the newspaper, which says what is not true about men in public life. Honesty, truth, courage—you need them just as much in public life as in private life."

Col. Roosevelt then said that one of the reasons why he is against the bosses, big and little, is that their strength lies more in their alliance with special privileges than in anything else. As for rich malefactors, he believed that the railway man who gets rich by gambling in the securities of the road he operates in trust for his stockholders, should be punished, and that if it is impossible to punish him under present laws, that the laws should be changed.

GIFT OF $150,000.

Kentucky Man Binds Himself to Look After the Shakers.

Harrodsburg, Ky., Sept. 15.—The Society of Shakers, whose estate is located near Highbridge, today transferred to Col. George Bohon their holding of 18,000 acres of the best land in Mercer county and their personality. The estate is valued at $150,000 and in addition to a cash consideration of $5,000, Col. Bohon binds himself to support and care for the individual members of the society during the remainder of their lives. There are only 14 of the Shakers left and their ages range from 70 years upward.

MR. JULIAN'S CONDITION.

Salisbury Editor Is Suffering Much With Pellagra.

Salisbury, Sept. 15.—John M. Julian, editor of the Salisbury Evening Post, who two weeks ago was stricken with pellagra, is reported as being a very sick man. His condition, while improved on some days, is not considered as very promising on the whole. He finds it very difficult to take nourishment of any kind and he is a great sufferer.

THE PRIMARIES IN ILLINOIS STATE

Light Vote Cast in Upper Districts But Heavy Down State.

FEATURES OF DAY'S VOTING

Cannon Renominated by Republicans For Congress—Lee O'Neill Browne Also Returned—Progressives and Standpatters.

Chicago, Sept. 15.—The nomination of Speaker Joseph G. Cannon for reelection to Congress and the neck-and-neck race that Congressman Geo. E. Foss is running with his progressive opponents, as indicated in early returns, were features of today's primaries in Illinois.

The vote cast in the Congressional districts in Cook county (Chicago) was remarkably light, not more than a quarter of the vote on the registration books being polled. The down State vote was much heavier.

Early returns indicated the nomination of Lee O'Neil Browne for reelection to the State House of Representatives and also that of E. G. Shurtleff, Republican Speaker of the House, against whom a determined factional fight was waged. Browne was recently acquitted of a charge of having bribed a State Representative to vote for William Lorimer for United States Senator.

Early returns also indicated the nomination of Ira G. Copley by the Republicans of the 11th Congressional district over George W. Conn, Jr. The fight in this district has been one of the fiercest in the State. Conn is said to have been backed by the standpatters, while his opponent declared himself a progressive.

The defeat of H. S. Boutell, after many years in Congress, by F. H. Ganzbergen, who announced himself as a progressive, caused little surprise locally. The regular Republican organization refused to indorse Boutell on the grounds that his record as a "stand-patter" would insure Democratic success if he were nominated. Ganzbergen ran about 2,000 ahead of him.

The closeness of the fight in the Tenth district came as a surprise to most students of the campaign. While Mr. Foss, who is chairman of the committee on naval affairs, has always voted with the regulars at Washington, he stated during the campaign that he had informed Mr. Cannon that he felt free to reserve his judgment as to how he should vote in the next Speakership contest.

G. P. Englehard, campaigned on an unmistakable progressive platform and attacked the present Congressman on his record on the tariff and as a supporter of Cannon.

Forty three precincts out of 147 in the district gave Englehard 1,092 votes against 1,041 for Foss.

In a number of Congressional districts outside Cook county there were no contests among the Republicans and Democrats, and the candidates were nominated without opposition.

Chicago, Sept. 15.—Speaker Cannon, as shown by returns up to midnight, carried Vermillion county by a primary plurality of about 2,500, compared with an election plurality of 5,666 two years ago. While the returns are incomplete, Mr. Cannon's plurality apparently will go above 6,700.

The returns in no county are complete, but that the Speaker has carried every county in the district seems certain. Kankakee county, if the present ratio keeps up, will give him 700 plurality; Iroquois 700, Edgar 1,000, Clark 1,400, Cumberland 400. The vote throughout the entire district was heavy.

MURDERER IS CAUGHT.

Italian Who Killed Paymaster Oakley Arrested in Italy.

Roanoke, Va., Sept. 15.—Detectives here were today notified by the State Department at Washington that Peitro Spega, an Italian wanted at Rock, W. Va., for the murder in August of last year of W. H. Oakley, paymaster for the Franklin Construction Company, who he robbed of more than $1,000, has been captured in Italy and is now in the State prison in the town of Turano. The man will be tried in his native land on affidavits sent from Roanoke by a detective agency which worked on the case from the day of the killing until the arrest was made in Italy.

PARSON MADE PRISONER.

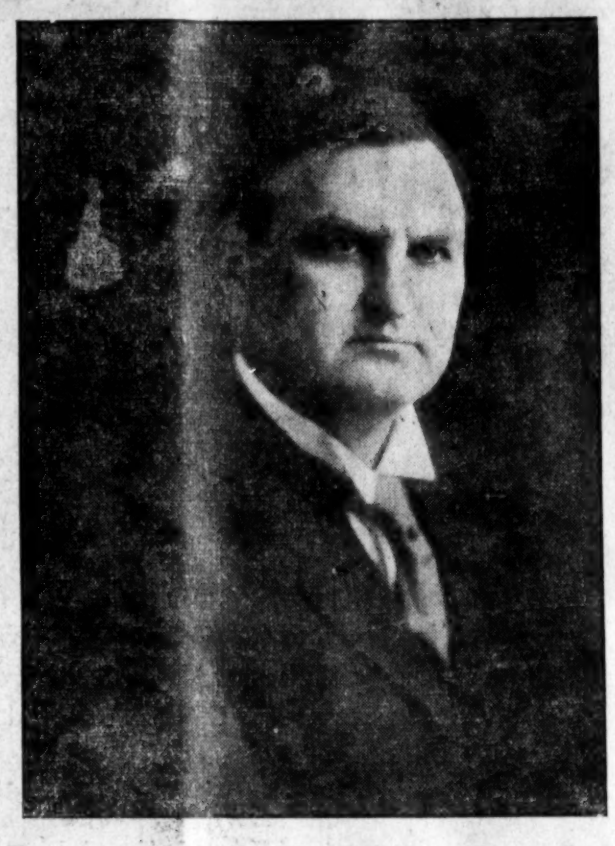
Arrested for Attacks on Army as Speaker for the Socialists.

Salt Lake City, Sept. 15.—William Thurston Brown, former pastor of the Unitarian church, but now a Socialist, was arrested here while speaking on the street.

A few weeks ago attacks on the United States army Socialist labor agitators angered the soldiers from Fort Douglas and almost precipitated a riot. Chief of Police Barlow thereupon issued an order forbidding street meetings without permits.

Rev. Mr. Brown resigned his pastorate to devote himself entirely to Socialistic propaganda.

Hon. H. L. Godwin.



Re-nominated Yesterday for Congress in Sixth N. C. District.

WHITE WINNER OVER CURTISS

English Aviator Makes New Record and Takes $3,000 Harvard Cup—Goes a Mile a Minute in Bleriot Monoplane.

Boston, Sept. 15.—Driving his Bleriot monoplane at approximately a mile a minute, Claude Grahame-White, the English aviator, brought to a successful close his first American engagement by defeating Glenn H. Curtiss, the American flier, and world's speed champion of the air, in a special match speed test at the Harvard aviation field at Atlantic today.

He defeated Curtiss by 16 4-5 seconds in a five and a quarter mile race. White thereby won the $3,000 Harvard cup and made a new speed mark for the field by going the course in five minutes 47 4-5 seconds. White also added to his winnings the John Hays Hammond cup, the second prize for a special bomb throwing contest. Ralph Johnstone, the Wright aviator, took the first prize, the city of Boston cup.

This was the concluding day of the Harvard aviation meet and it was not marred by a single noteworthy accident of nearly a fortnight's flying. A. V. Roe, an English flier, who has had bad luck with his triplanes, wrecked his second machine today and was painfully, but not seriously hurt.

From an elevation of 1,800 feet neither Johnstone or White could hit 200 square feet of canvas on the ground, each throwing six eggs, but Johnstone's shots were better and earned him the Boston cup.

Tonight the aviators and management of the aero meet were given a banquet at the city club by Mayor John F. Fitzgerald.

Washington, Sept. 15.—The population of Cleveland, O., is 560,663, an increase of 178,895, or 46.9 per cent., as compared with 381,768 in 1900.

OUTLINES.

President Woodrow Wilson, of Princeton University, was yesterday nominated by the Democrats of New Jersey for Governor of the State. He accepted the nomination——President Taft announced yesterday in a letter given out by his secretary that in the future Federal patronage will be shared alike by Republican Insurgents and Regulars in Congress——Claude Grahame-White, the English aviator, won another victory yesterday by defeating Glenn Curtiss in the aviator speed match on Harvard field——The American bankers yesterday decided against the guaranteed cotton bills of lading as demanded by British bankers and denounced their proposal——The first break in the ranks of the 'Old Guard" Republicans of New York State occurred yesterday in Kings county.——Joseph G. Cannon, Speaker of the National House of Representatives, was yesterday nominated for reelection in Illinois——A primary election was held yesterday throughout the State of Illinois——New York markets: Money on call easy 1 3-4 to 2 per cent., ruling rate 2, closing bid 1 3-4, offered at 1 7-8. Wheat spot weak, No. 2 red 1.02 elevator and 1.02 1-4 f.o.b. afloat. Corn steady, No. 2, 64 3-4 elevator domestic basis to arrive. Oats firm, new standard white 39; No. 2 white 39 1-2. Spot cotton closed quiet, five points higher, middling uplands 13.80, middling gulf 14.05.

DENOUNCE BRITISH PROPOSAL

American Bankers Against Guaranteeing Cotton Bills of Lading.—Stinging Reply to Foreign Bankers. Situation.

New York, Sept. 15.—American bankers decided here today that they cannot assent to the plan for guaranteeing bills of lading proposed by British bankers. Instead they asserted their independence, denounced the British proposal as unsound finance and insisted on their own plan of a "validated certificate."

Yesterday a committee of London and Continental bankers announced their refusal to accept American cotton bills after October 31st, without an American "bank guarantee." Today a sub-committee of the American Bankers' Association put itself on record, after a long session, in the following cable:

"We deeply regret your decision and cannot but feel that it was reached through misapprehension. We have accomplished much in securing the validation certificate, thus placing the business on a safe basis. Further consideration of bankers guarantee is absolutely out of the question, being incompatible with correct banking principles. This is final. Situation could not be changed by our committee going to London, but of course we would welcome your deputation in New York, where all data and information are obtainable and where railway and cotton people also could be heard. We are confident this would lead to a better understanding with mutually satisfactory results."

The bankers who formulated the foregoing reply are: Walter E. Frew, vice-president of the Corn Exchange Bank; William H. Porter, president of the Chemical National Bank; G. S. Thorne, vice-president of the National Park Bank; F. J. Kent, vice-president of the Bankers Trust Company, and Vice-Presidents Gardin and Talbert, of the National City Bank. Their action is reported to be unanimous, and their attitude is said to have the unqualified endorsement of every bank in the Clearing House Association.

Their decision is of great importance not only to the cotton interest of the South and of New York, but to railroads and business in general. It terminates a long debate in which all the evils of the present system and the defects of the various remedies proposed have been set forth in full.

FLORIDA'S CAMPAIGN ON.

Local Optionists and Prohibitionists Hold Meetings Today.

Jacksonville, Fla., Sept. 14.—A campaign to determine whether Florida shall have State-wide prohibition will begin here tomorrow with the assembling of two State conventions—the local optionists, opposed to the State-wide principles, and the Prohibitionists, favoring it.

Upon the results of this campaign depends the question whether the entire Southeastern corner of the United States shall be "wet" or "dry." The issue is an amendment to the Constitution providing for State-wide prohibition instead of local option, which Florida now has. This amendment will be voted on at the November election.

Both of tomorrow's conventions are called to lay plans for the campaign on this issue.

TAFT NOW URGING HARMONY IN RANKS

Federal Patronage to Republican Insurgents and Regulars Alike.

RECOGNIZES NO DISTINCTION

President Expresses His Views on the Subject—Letter Given Out By Taft's Secretary—His Object Is Given.

Beverly, Mass., Sept. 15.—President Taft has decided that hereafter he will recognize no distinction as between Republican Senators and Representatives—whether "progressives" or "regulars"—in the matter of Federal patronage. In other words, he will treat them all alike in this respect.

The President's views in regard to the matter were made known in a letter made public today from the President to Secretary Charles D. Norton, addressed to a Republican leader in Iowa, whose name is not disclosed.

"He," says Secretary Norton, referring to President Taft, "will now follow the usual rule in Republican Congressional districts and States and follow the recommendations made by Republican Congressmen and Senators, of whatever shade of political opinion, only requiring that the men recommended shall be good men, the most competent and the best fitted for the particular office."

The letter in part follows: "While Republican legislation pending in Congress was opposed by certain Republicans the President felt it to be his duty to the party and to the country to withhold Federal patronage from certain Senators and Congressmen, who seemed to be in opposition to the administration's efforts to carry out the promises of the party platform. That attitude, however, ended with the primary elections and nominating conventions which have now been held, and in which the voters have had opportunity to declare themselves. The people have spoken as the party faces the Fall elections; the question must be settled by Republicans of every shade of opinion whether the differences of the last session shall be perpetuated or shall be forgotten.

"The President feels that the value of Federal patronage has been greatly exaggerated and that the refusal to grant it has probably been more useful to the men affected than the appointments would have been. After stating that in the perliminary skirmishes in certain States like Wisconsin and Iowa and elsewhere he was willing, in the interest of what the leaders believed would lead to party success to make certain discriminations."

Mr. Norton then makes known the President's decision above quoted.

Bennett Makes Comment.

New York, Sept. 15.—Representative William S. Bennett, who is a candidate for the Republican nomination for Governor, does not believe in "adjective" Republicans. In commenting today on President Taft's decision to treat "progressives," and "regulars" alike, he said:

"President Taft, Theodore Roosevelt and all thinking Republicans now stand on the same platform in this regard. I do not believe in any 'adjective' Republicans. All men nominated and elected on a Republican ticket are to be recognized as Republicans.

"Patronage should have nothing to do with the relations between the President and members of Congress. I had three Federal places myself. President Roosevelt took away two of them and President Taft took away the other, but I have never been an insurgent."

MAURETANIA MAKES RECORD.

Giant Cunarder Wins New Fame on Trip Across Ocean.

New York, Sept. 15.—The giant Cunarder Mauretania hung up a new Trans-Atlantic record today over the short course from Daunt's Rock to Ambrose Channel lightship, covering the distance in four days, ten hours and forty eight minutes, clipping three minutes from the previous trans-Atlantic record held by her.

The Mauretania passed the Ambrose Channel lightship at 5:55:40, according to the marine observer at Sandy Hook.

WANT AEROPLANE TOURS.

Similar to Auto Trips Proposition—A Valuable Trophy.

Boston, Mass., Sept. 15.—Aeroplane tours to be conducted on similar plans to those governing automobile tours are embraced in a proposition announced tonight by Charles J. Glidden, originator of the Glidden tours for automobiles, which has become the principal event of its kind in the United States.

Mr. Glidden has offered a valuable trophy to the National council of affiliated aero clubs, to be competed for annually under such rules as the National council may prescribe. It is planned that the initial air tour shall be started from the Harvard-Boston aviation field at Atlantic in 1911.

GODWIN IS NAMED IN SIXTH DISTRICT

Landslide For Harnett Man, in Congressional Primary Held Yesterday.

CLARK CARRIES ONLY BLADEN

Majorities Range From 300 in Cumberland to 1,800 or More in Robeson—Some Precincts Still Missing.

Returns from the Democratic primaries held throughout the Sixth Congressional District of North Carolina yesterday afternoon, under the supervision of the State committee named in the unfortunate controversy which sprung up in the party ranks as the result of the twin convention recently held at Wrightsville, indicate a landslide for Hon. H. L. Godwin, of Harnett, who was opposed by Hon. O. L. Clark, of Clarkton, Mr. Godwin carrying every county save one by majorities ranging from 300 in Cumberland to 1,800 and possibly more in Robeson, the single exception being Bladen, which was carried by Mr. Clark by 250 and possibly more. The majority of Mr. Godwin in the district will range from 4,500 to 5,000 and upon the face of the returns up to 12 o'clock last night, these majorities range about as follows:

New Hanover	470
Robeson	1,800
Columbus	800
Harnett	800
Cumberland	300
Brunswick	500
Total	4,670
Less Bladen majority for Clark	250
Godwin's majority	4,420

These figures are the most accurate that could be gathered last night from all sources by long distance telephone and telegraph. Friends of the rival candidates in one or two instances claim slightly larger or smaller majorities, as the case may be, in one or two of the counties, but the tabulation is as nearly correct as it was possible to get last night. The vote will be officially canvassed Saturday and reported to the State supervisory committee, which will later meet and declare the nominee. In New Hanover a very light vote was polled, only about 40 per cent of a normal Democratic vote, but in Cumberland reports say the voting was heavy and the same was doubtless true of Robeson. So far as was learned every township in Robeson went for the Harnett man by large majorities except Maxton which cast 39 for Godwin and 105 for Clark. Northwest was perhaps the only township carried by Clark in Brunswick. The returns received last night are as follows:

Official in Robeson.

Lumberton, N. C., Sept. 15.—Official returns to County Chairman Geo. B. McLeod up to 12 o'clock from 15 townships give Godwin a majority of 1,336. His estimated majority in eight other townships is 470 so that the total majority in Robeson will be 1,806. Godwin carried every precinct in Robeson save one.

Bladen For Clark.

Elizabethtown, N. C., Sept. 15.—Central township gives Godwin 20, Clark 12; White Oak, Godwin 77, Clark 52; Bethel, Godwin 15, Clark 15; Hollow, Godwin 16, Clark 18; Elizabethtown, Godwin 11, Clark 74; Colly, Godwin 10, Clark 20.

These townships give Clark a majority of 42 votes. Phone wires are down, and it is impossible tonight to get returns from all the townships. It is estimated by Clark's friends here that his county will give him a majority of about 250 votes, which it is understood is all that is claimed by his managers.

Big Majority in Robeson.

Lumberton, N. C., Sept. 15.—Returns from 15 out of 23 precincts give Godwin 1,789, Clark 44. It is estimated that Godwin will have 1,800 majority in the county.

A large mass meeting of citizens from all sections of the county was held here yesterday. Several ministers participating. Resolutions were adopted denouncing the methods being used in this county for political purposes. A resolution was passed recommending that the mass meeting name five good men for county commissioners, two members of the Legislature, endorsing E. C. McNeill for Sheriff and calling for the resignation of County Chairan Geo. B. McLeod.

300 in Cumberland.

Fayetteville, N. C., Sept. 5.—In the Sixth Congressional primary today returns from 14 precincts show without doubt that H. L. Godwin has carried Cumberland county by at least 300 majority.

900 in Harnett.

Dunn, N. C., Sept. 15.—Eight out of 13 townships give Godwin 858, Clark 137. The other five will give Godwin about 200; Clark 20. Godwin's majority is not less than 900.

Lillington, N. C., Sept. 15.—Godwin carries Harnett by a large majority, the incomplete returns giving Godwin 707; Clark 105. Several precincts are unheard from and it is predicted that Godwin will have 1,000 and Clark

(Continued on Page Eight.)

Base Ball

NATIONAL LEAGUE.

Philadelphia, Sept. 15.—Chicago won from Philadelphia today 7 to 5. Stack, who held the visitors to two hits and two runs, fell over the second base bag in the sixth inning and injured his ankle. Moore, who took his place was hit hard and was wild. Chicago won the game in the eighth inning on two bases on balls, a single by Hofman and a home run by Schulte.

Chicago	000 002 140	7	6 3
Philadelphia	001 040 000	5	10 2

Brown, McIntyre and Kling; Stack, Moore, Slaughter and Moran; time 1:40; umpires Rigler and Emslie.

New York, Sept. 15.—The Giants won the first game of today's doubleheader from the Pirates 11 to 3, and lost the second 6 to 1. In the early contest Phillippe relieved White in the fifth inning with the bases full and two out. The first ball pitched by Phillippe was hit for a home run by Murray, this rap deciding the game. In the second game the New York pitchers—Marquard and Hendricks, were wild and Pittsburg had little difficulty winning.

Pittsburg	111 000 000	3	10 0
New York	000 250 31x	11	9 0

White, Phillippi and Gibson; Crandall and Myers and Schlei; time 2 hours.

Pittsburg	300 002 001	6	6 1
New York	000 000 010	1	8 1

Adams and Gibson; Marquard, Hendricks and Myers; time 1:45; umpires Johnstone and O'Day.

Boston, Sept. 15.—St. Louis won two games from Boston today, the first 7 to 5 and the second 5 to 1.

St. Louis	300 000 301	7	9 1
Boston	001 001 030	5	12 2

Steele and Phelps; Mattern, Parsons and Rairden and Smith; time 2:10.

St. Louis	000 000 050	5	8 3
Boston	000 001 000	1	9 2

Harmon, Lush and Phelps; Frock, Ferguson and Graham; time 2:05; umpires Brennan and Eason.

Brooklyn, Sept. 15.—Burke's wildness aided Cincinnati in scoring an easy victory over Brooklyn today. McMillan's fielding was a feature.

Cincinnati	101 040 010	7	11 3
Brooklyn	020 000 000	2	5 3

Suggs and McLean—Burke, Dessault and Bergen; time 1:58; umpires Klem and Kane.

AMERICAN LEAGUE.

Chicago, Sept. 15.—Mixing two singles and a double with two errors, Chicago today overhauled Boston's one run lead in the fourth inning and won the first game of the series 4 to 2. White for Chicago pitched brilliant ball despite erratic support.

Chicago	000 310 00x	4	5 3
Boston	010 000 010	2	6 3

White and Sullivan; R. Collins and Kleinow; time 1:40; umpires Egan and Sheridan.

Cleveland, Sept. 15.—With five recruits in the line-up Cleveland defeated Washington 3 to 0 today. Blanding, a University of Michigan pitcher, drafted from San Antonio, outpitched Walter Johnson with men on bases. Each struck out eight men. Cleveland got its three runs on three hits, a pass and a wild throw.

Cleveland	300 000 00x	3	4
Washington	000 000 000	0	6 2

Blanding and Land; Johnson and Street; time 1:30; umpires Dineen and Perrine.

Detroit, Sept. 15.—Philadelphia won the opening game of the series today by bunching three singles, a double and a base on balls, with O'Leary's two errors in the seventh inning.

Philadelphia	100 100 500	7	11 3
Detroit	010 000 000	1	4 2

Plank and Livingstone; Donovan and Stanage; time 1:53; umpires Evans and Colliflower.

St. Louis, Sept. 15.—New York today defeated St. Louis 9 to 3 in the opening game of the final series. New York bunched ten hits off Mitchell, while Quinn held St. Louis to four hits.

St. Louis	030 000 000	3	4 3
New York	301 000 032	9	10 1

Mitchell and Killifer; Quinn and Sweeney; time 1:32; umpire O'Loughlin.

SOUTHERN LEAGUE.

At Atlanta 2; Mobile 3.
At Memphis 2; Birmingham 1.
At Nashville 4; New Orleans 6.
At Chattanooga 3; Montgomery 1.

THREATENED LIKE PETROSINO.

Lieutenant Vachris, of New York Police, Gets Letters.

New York, Sept. 15.—Lieut. Vachris, of the police department, has begun to receive letters similar to those his predecessor, Lieut. Petrosino, laughed at for so long, but which ultimately brought him death in Palermo, Sicily.

"Have I been threatened?" he said today. "Yes, I have received a whole batch of threats, but I won't discuss them; they don't alarm me."

Lieut. Vachris was busy at headquarters again with the case of Dr. Sciemeca, whose little son was returned to him last week after he had been held for ransom by kidnappers for four months. The police have believed from the first that the doctor has not told them all he knows about the case, and that threats have sealed his lips.

"That's not true," Dr. Sciemeca said today. "I did draw $1,500 from the bank to pay a ransom, because my wife asked me to. She had heard that the baby was ill, and she was almost crazy. But the money was never paid by reason of the fact that the boy was found just when we were looking for someone to pay it to."

YALE SQUAD AT PRACTICE.

Only Old Style Football Attempted. 30 Men on Field.

Lakeville, Conn., Sept. 15.—The Yale football squad was given the first practice of the season here today. Thirty men were on the field with ten more expected to arrive tomorrow. Only old style football was attempted today.

THE UNIVERSITY FACULTY.

Professors Who Spent Summer Away Have Returned.

(Special Star Correspondence.)

Chapel Hill, N. C., Sept. 15.—Although the regular academic college of the University was closed during the Summer, the faculty as a whole were all busy either in Europe or at courses in Summer schools better preparing themselves to instruct the youth of the State and others in attendance here on their return to the institution this Fall. Profs. Walker, Howe, Patterson, Stacey and Vermont were in the faculty of the Summer Law School at the University. President Venable spent a large part of the Summer in Germany, having with him members of his family. Prof. M. C. S. Noble, after delivering lectures at a number of teachers' institutes in this State, conducted a ten-days' course in arithmetic and history at a teachers' institute of Page county, Ia. Prof. Chas. Lee Raper was at work in the royal library at Berlin from June until September, writing a book on "Railway Transportation," at the request of Putnam & Co., publishers. Prof. Chas. H. Herty attended the meeting of the American Chemical Association held at San Francisco in July. Dr. Wm. Deb McNider was at work in the pharmacological laboratory of Western Reserve University at Cleveland, Onia. Prof. H. V. Wilson worked at the Beaufort Laboratory of the United States bureau of fisheries. Prof. Collier Cobb lectured in the Baltimore School of Forestry. Prof. J. F. Royster spent a part of the Summer at work in Oxford, England, editing some early English text publications. Prof. A. H. Patterson was in charge of the department of Physics at the Summer school of the South, Knoxville, Tenn. Prof. Oliver Towles was at work in the library of Johns Hopkins University. Prof. Jno. W. Booker did work at the University of Heidelberg. In addition to these, many other members of the faculty were engaged in work better fitting themselves for their work, while several are now away on leave of absence in Europe. Among them are Profs. Toy, Wheeler and Henderson.

WINNERS IN GOLF EVENTS.

Finals Warmly Contested at Brookline—Evans Particular Star.

Brookline, Mass., Sept. 15.—W. C. Fownes, Jr., of the Oakmont Club, Pittsburg, Charles Evans, Jr., of the Edgewater Club, Chicago; Warren K. Wood, of the Homewood Club, Chicago, and W. R. Tuckerman, of Washington, but playing from the Stockbridge, Mass., Golf Club, were the winners in today's third round of the National Amateur Golf Championship over the Country Club course. They are sure of medals from the association. Custody of the Havemeyer cup, given to the club represented by the champion, goes with Saturday's winner with young "Chick" Evans, who played Frederick Herreshoff, the metropolitan champion, off his golfing feet today, a hot favorite tonight for the title. Evans shone brilliantly. Herreshoff faded away after the first hole was played and was never again a factor in the contest which Evans won 11 up, 10 to play.

The Wood-Anderson contest carried a good gallery. Wood made a 76 in the morning, and was 83 in the afternoon, while Anderson played the first round in 82 and the second in 83.

Fownes led in his match at the end of the first 18 holes by 1 up. Both he and Wilder felt the strain in the afternoon and while Wilder secured the lead at the 24th hole, he lost it quickly and Fownes nailed the match on the 33rd green.

In the semi-finals tomorrow Fownes plays Evans and Wood meets Tuckerman. If the Pittsburgan can be regarded as a Middle-Atlantic State city, it will be the East vs. the West.

Fownes defeated H. H. Wilders, Vesper, 4 up and 3 to play; Evans defeated Herreshoff, Ekwanok and New York, 11 up and 10 to play; Wood defeated John G. Anderson, Woodland, 2 up; Tuckerman defeated H. Weber, Inverness, 1 up, 37 holes.

REAR ADMIRAL DICKINS DEAD.

Planned Naval Campaign in Spanish-American War.—His Career.

Washington, Sept. 15.—Rear Admiral Francis W. Dickins, a sailor, who during the Spanish-American war had much to do with planning the successful naval campaigns in his capacity as assistant chief of the bureau of navigation, died in New York today at noon. Admiral Dickins was born in Blackmanville, N. Y., November 2, 1844, and entered the naval service as an acting midshipman, September 20, 1861. After graduation in 1864 he served on the United States ship Colorado during the remainder of the Civil War. His last sea command was at the head of the coast squadron of the North Atlantic fleet in 1905 and he retired from active service November 2, 1906.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at Robert R. Bellamy's.

NASH COUNTY NEWS.

Wedding—Republican Affairs—Other News Notes.

(Special Star Correspondence.)

Nashville, N. C., Sept. 15.—A pretty home wedding took place last night at the home of the bride's parents, Mr. and Mrs. John R. Dozier, who live near Nashville, when Miss Maggie Dozier became the bride of Mr. George Price. The officiating minister was Rev. J. E. Hocutt. The marriage was a very quiet one. Mrs. Price was last year one of the teachers in the county schools, and is a member of a large and well known Nash county family. Mr. Price is the son of Mr. and Mrs. Jack Price, and is a prosperous young farmer. Both the young people have many friends throughout the county.

The Nash county Republicans, through the chairman, J. C. Matthews, of Spring Hope, have written Chairman L. T. Vaughan, of the Democratic executive committee, declining to meet the Democratic candidates in joint canvass. The Republicans said they would make the canvass, provided only the county candidates—men running for sheriff, treasurer, etc.—were allowed to go along. Mr. T. T. Thorne, who is the nominee for the State Senate, was forced by the conditions of the Republicans to stay at home. The Republicans wanted a joint canvass with the speaking left out. They couldn't get this, so they have declined to meet the Democrats. It is said that at first they were anxious for the contest, but that they must have gotten orders from higher up. There are lots of folks—Republicans and Democrats—who are sorry that Col. Matthews has seen fit to show that he had cold feet. There is no one who thinks that the Republicans would be unable to secure good speakers, and the folks were anxious to see a joint canvass. Folks are saying that the Republicans are afraid to have the light turned on. A joint contest would add to the gayety of county, but the Republican say nay. The Democrats are arranging to make a canvass of the county, and it is understood that anywhere and at any time they will be willing to divide with the opposition, giving them a chance to speak. Chairman L. T. Vaughan has opened headquarters here, and Miss Maud Hill, of Rocky Mount, an expert stenographer, has been employed to help with the correspondence. Advertising matter concerning the meeting here Saturday when Governor Kitchin and Congressman Pou will be the speakers, is being sent out. It is arranged to have a committee composed of ten men from each township meet the speakers at the station Saturday. The speaking will be at 1:30 in the afternoon.

Mrs. Cornelia Batchelor, the aged mother of County Commissioner S. A. Batchelor and Mr. Wallace Batchelor, of this place, died yesterday at the home of her son, Mr. S. A. Batchelor, who lives about three miles from Nashville. Although Mrs. Batchelor was 77 years of age, she had until recently enjoyed splendid health. She was well known throughout the county, and was regarded very highly by those who knew her. She will be buried at the old family burial grounds this afternoon.

News has reached Nashville of the death of Mrs. J. W. Moore, the wife of a prominent farmer of Red Oak section. Mrs. Moore had been in feeble health for some time, but was thought to be improving. Her death was very sudden and unexpected.

Washington, Sept. 15.—In the annual tournament of the Union Printers National Baseball League today, New York defeated Washington 12 to 6, and St. Louis defeated Indianapolis 19 to 6.

THE POTASH CONTROVERSY.

Americans in Berlin to Discuss Present Situation.

Berlin, Sept. 15.—M. H. Davis, commercial adviser to the American Department of State, arrived here today to inquire, on behalf of Secretary Knox, the German viewpoint toward the potash controversy.

Potash, which is produced only in Germany, is used extensively in the production of fertilizers in America. Recently the German government took over many of the mines, establishing a practical monopoly, previously affecting existing American contracts. The State Department made representations to Boston and Mr. Davis is here to further the negotiations then begun.

Mr. Davis is accompanied by representatives of all the potash importing companies of his country, some 60 odd, the aggregate capital of whose companies is in the neighborhood of $200,000,000. Among the number is Robert S. Bradley, of the American Agricultural Chemical Company, C. H. McDowell, of Armours; Abram C. Read, of Nashville, Tenn., and B. H. Brewster, Jr., of Philadelphia.

AT ODDS WITH COSTA RICA.

Nicaragua's Demands Refused By Sister Republic.

Granada, Nicaragua, Sept. 14.—Difficulties have already arisen between Nicaragua and Costa Rica. The former demands the concentration of Madrizists at San Jose, Nicaragua. The latter refuses, as the Estrada Government is not recognized by Costa Rica.

The steamer Venus is in Limon. Captain Altschul refuses to deliver her to Nicaragua until paid $12,000, in order to liquidate with the crew. Costa Rica sustains Altschul's demmnd.

POPE'S ILLNESS DENIED.

Health of Pontiff Excellent, Asserts His Physician, Dr. Petacci.

Rome, Sept. 15.—Denial is authorized of the reports circulated yesterday that the Pope is suffering from an attack of gout.

Dr. Petacci visited his holiness today. He says the health of the holy father is excellent and that he has not suffered from the gout this Summer. He has been granting audiences every day.

Spring and Summer Changes of the SOUTHERN RAILWAY

Effective June 5th, 1910.

AFFAIRS AT STATE CAPITAL

Institute in Robeson County—Seminoles Securities—New Railroad Order—Y. C. M. A. for Raleigh—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 15.—Director T. B. Parker and a party of assistants have gone to Philadelphus, Robeson county, for the purpose of holding a big farmers' institute tomorrow and Saturday, there being sessions for both the farmers and their wives. Next week they will hold a number of orchard demonstrations in the West, including Mt. Airy and the Bushy Mountains, especially for the demonstration of gathering and packing apples. State Horticulturalist Hutt will be in charge of this work.

Albert L. Cox, special master in the famous case of Seminoles Securities Co. vs. Southern Life Insurance Co., has just begun the taking of evidence in the phase of the litigation that he is to investigate and report to Judge Connor of the Federal court. There was a hearing here yesterday. And there will have to be hearings at various points in Eastern Carolina and in South Carolina for the convenience of witnesses before the evidence is all in.

Rev. J. G. Buskie is in the city on his way to Baton Rouge, La., where he takes charge of St. James' Parish as rector. He retired from the rectorship of the Episcopal church at Goldsboro to assume this new charge.

The trustees of the Odd Fellows Orphanage at Goldsboro have purchased 35 acres of additional farm land for the purpose of maintaing a dairy. The trustees have also awarded the contract for the installation of the equipment for the new Jacobi Memorial building so that it will be fully equipped in time for the first approach of cold weather.

J. C. Jackson, field secretary of the Y. M. C. A. in Tennessee, spent the past two days here talking with prominent men interested in the establishment of a Y. M. C. A. here with its own home and urging that active work to this end be set on foot at once. Raleigh has a committee for launching such an undertaking, but the actual work of raising the necessary funds—something like $100,000—has not been gotten under way. Mr. Jackson also visited the A. & M. College Association while he was in the city and found it already in aggressive working order for the session.

The Interstate Commerce Commission notifies the Corporation Commission that it has granted an extension of the time for the Norfolk & Western Railroad Co., to put in operation the reduced freight rates from Lynchburg to Winston-Salem and Durham from October 1st, to November 1st. This reduction is that ordered as the outcome of the suit the North Carolina Commission brought as an entering wedge in its fight against discriminations practiced against North Carolina cities as compared with Virginia cities in freight rates from the West.

The Seaboard Air Line Railway Company has issued to its passenger train conductors instructions in detail for complying fully with the act of the recent Congress designed to end the interstate "white slave trade." Under the instructions the conductors have just received they are forbidden to permit the use of prepaid tickets under suspicious circumstances or to allow the checking of baggage where the check is given to parties other than those using the tickets and other "tricks of travel" practiced in handling this nefarious business.

The International Congress of Hygiene and Demography, to which Governor Kitchin has already appointed the North Carolina delegates for September 26th to October 1st, in Washington, is postponed until 1912, according to official notification just received by the Governor.

Governor Kitchin commissions as special commissioner from North Carolina to the conference at Harrisburg, Pa., October 13th and 14th, for preparing plans for the celebration of the battle of Gettysburg, Jno. C. Scarborough, formerly superintendent of public instruction and commissioner of labor and an enthusiastic Confederate soldier.

SENATORIAL CONVENTION.

Martin and Cartwright Nominated at Belhaven—Harmonious.

(Special Star Telegram.)

Washington, N. C., Sept. 15.—The Senatorial Convention for this district was held in the town of Belhaven last night in pursuance of a call from the chairman of the Senatorial Executive Committee for the purpose of naming two candidates for senators to represent this district in the Senate of the next General Assembly of North Carolina.

The convention was well attended by delegates from all over the district, and was both orderly and harmonious. Maj. W. C. Rodman, of this city, was appointed chairman, and the following names were placed in nomination by the delegates: Dr. R. N. Cartwright, of Hyde county; H. L. Gibbs, of Pamlico county; Van B. Martin, of Washington county; F. B. Hooker, of Beaufort county. The counties of Dare, Tyrrell, and Martin making no nominations. After the vote was taken, Messrs. Martin and Cartwright having a majority over the others, were declared nominated. Maj. W. C. Rodman was then elected the new chairman of the Senatorial Executive Committee, and a new committee appointed.

FOR SHERIFF IN CRAVEN.

Biddle Wins Out in Exciting Second Primary Election.

(By Long Distance Telephone.)

Newbern, N. C., Sept. 15.—The second primary for sheriff in Craven county was held today as between J. W. Biddle and R. B. Lane, the former winning out in a close vote. While all precincts are not heard from enough is known to assure the nomination of Biddle.

A Reliable Medicine—Not a Narcotic.

Foley's Honey and Tar is a safe and effective medicine for children as it does not contain opiates or harmful drugs. Get only the genuine Foley's Honey and Tar in the yellow package.—Robt. R. Bellamy.

WHITEVILLE NEWS NOTES.

Scuppernong Grapes—Jr. O. U. A. M. Lodge—Republican Convention.

(Special Star Correspondence.)

Whiteville, N. C., Sept. 15.—The scuppernong grape market opens next Monday, and buyers are now in the field. The grape crop is not so large this year as last, but their sale will add considerably to the money in circulation. A number of new vineyards are being set out. The crop costs nothing to produce and the sales are clear profit.

Near Pireway, in this county, lightning struck a pecan tree in the yard of Mr. W. F. Cox, the daughter, Miss Lillie, standing within two and one-half feet of it at the time. The young lady was knocked senseless, and the rest of the family severely shocked, but no one was seriously hurt.

A lodge of the Junior Order of American Mechanics will be organized this week at Reaves Ferry, out in the country, with 31 members.

Mr. W. F. Cox, of Wilmington, is on a visit to his family in this county.

Mr. L. K. Fuller, a prominent farmer of Randolph county, has sold his land there and this week moved to Whiteville. He has rented a house from Mr. Jackson Greer and will engage in business here.

Mr. D. H. Curran, who bought a farm from Mayor W. Ross Davis, on the outskirts of Whiteville, to raise tobacco, this week sold out and has gone to Kentucky, where he will engage in the tobacco business.

The fields are full of cotton pickers. The crop in this county will not be much more than half as large as last year. It is two weeks late. There is no top crop, all the squares having fallen off, and a small middle and bottom crop. Cotton is now opening very fast.

Several of the Whiteville girls left this week for college, Misses Fay, Maud and Annie Memory for Meredith; Miss Alman Maultsby for Elizabeth College at Charlotte; and Miss Grace Lumsden for Peace Institute at Raleigh.

Mr. George Lee Holmes, a prominent citizen of Columbus county, died at his home near Guide. He married a daughter of Mrs. Annie Cox, one of the leading lady teachers of the State.

A convention of Republicans of Columbus county is called to meet in the court house in Whiteville at noon next Wednesday, for the purpose of nominating a county ticket and transacting other business that may be brought before the convention. Mr. Irvin B. Tucker, chairman of the party in the county, says they intend to put out a full ticket and make a hard fight to elect their candidates. It is stated that Mr. Seth L. Smith will be the nominee for sheriff.

SUPREME COURT OPINIONS.

Twenty Appeals From First District Disposed of Yesterday.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 15.—The first opinion delivery today for the Fall term of the Supreme Court marked the disposition of 20 appeals from the first district principally. Five were dismissed under Rule 17 and there were two others disposed of per curiam, there being opinions in only 12 cases. The list of appeals disposed of follows: Tunis vs. Buffalo Mills et al., Pasquotank, per curiam, affirmed; Robertson vs. Conklin, Washington county, new trial; Hollowell vs. Norfolk & Southern Railway, Chowan, no error; Berry vs. McPherson, Camden, new trial; Hughes vs. Pritchard, Camden, (defendant's appeal) no error; Yeates vs. Forrest, Beaufort, error; White vs. Lane, Chowan, affirmed; Swindell vs. Swindell, Beaufort, new trial; Paul vs. Carter, Beaufort, affirmed; Williams vs. Branning Manufacturing Co., Hertford, reversed; White vs. Tayloe, Hertford, no error; Pruden and Winborne vs. White, Hertford, per curiam, affirmed; both appeals; State vs. Harris & Winder, Pasquotank, appeal dismissed; Pierce-Whitehead Co. vs. Zollicoffer, Halifax, dismissed by consent; Crockett vs. Bray, Pasquotank, dismissed by consent. The five appeals dismissed under Rule 17 were: Gibbs Will Case from Hyde county; Pritchard vs. Panacea Springs, Warren county; Bullock vs. Tile and Store Co., Edgecombe; Willis vs. Seaboard Air Line, Beaufort; Howerton Will Case, Nash county.

The case of Conklin vs. Plymouth Lumber Co. is one in which the plaintiff obtained a verdict for $500 damages for having been accused and arrested for stealing $40 from the desk in the office of the lumber company. The trial is on the ground that evidence as to the pecuniary condition of the plaintiff, especially his having to earn his living by the work of his hands, should not have been admitted in the trial below. The court holds that there was nothing in the case that required the consideration of the plaintiff's pecuniary condition assessing the damages. The plaintiff was night watchman in the mills.

FIRST BREAK IN "OLD GUARD."

Republican Leader in New York Lines Up With Roosevelt.

New York, Sept. 15.—The first break in the ranks of the old guard in Kings county, where Timothy L. Woodruff, chairman of the Republican State Committee, has for years been the acknowledged leader, came today with the announcement by Ruben L. Haskell, Republican leader of the 23rd district, that he will support the "progressives" under Col. Roosevelt's leadership.

At Tuesday's primaries the old guard won in 19 of the 23 districts in Kings, including Haskell's district, which will send seven delegates to the State convention. The progressives now intimate that Haskell's decision to line up with the progressives is only the first of a number of breaks in the Brooklyn organization.

Chairman Woodruff before leaving for Syracuse tonight declined to discuss Haskell's decision to desert the old guard.

Lloyd C. Griscom, president of the New York County Committee, went on record today in favor of absolute endorsement of President's Taft's administration by the Republican State Convention. This was his answer as a progressive leader to suggestions to the effect that the Roosevelt supporters would be opposed to putting a real endorsement of the Taft administration in the Republican State platform.

BAKERS' LIVELY SESSION.

Paper Read at Baltimore Convention Created Stir Yesterday.

Baltimore, Md., Sept. 15.—A paper on "The Relation of the Housewife to the Baker," written by Mrs. Amy C. Ransome, of Washington, D. C., created a lively discussion at today's session of the annual convention of the National Association of Master Bakers.

The paper was a heart to heart talk on the methods of the bakers. The system of distributing bread was severely arraigned as unsanitary and dangerous. Sending out unwrapped bread in the hands of a none too careful driver was condemned, and then the writer of the paper had some critical remarks to make about employes licking labels to stick on bread.

Much space was devoted to an analysis of an investigation made of the attitude of house wives to bakers' bread. Sixty were questioned, and of this number the majority were in favor of home-made bread. This condition it was admitted, was largely due to the pride of the housewife in keeping up bread making traditions that have passed down from one generation to another.

"Six out of sixty," the paper said, "are favorable to bakers' bread because of the uniformity of the product, the uncertainty of kitchen help and the avoiding of heat and labor made possible by its use."

The label licking theory was promptly disposed of by the explanation that the labels are simply laid on the bread and just naturally stick when baked.

Many of the bakers admitted that the delivery of bread by wagons was not as satisfactory as it should be.

Notice

To our friends and patrons. It is our purpose to close our store here with a view to moving to some larger point. To this end, it is necessary that whatever orders have been given to us should be completed and delivered within the next thirty days.

Please call at our store in Wilmington to see that your outstanding order is satisfactorily adjusted.

Our store will be closed after October 14th, 1910.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, In Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing *only*. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Friday, September 16th, 1910.

Oh, well, we don't think many Democrats will desert the winners to go over to the Jonah Republican party in this fight for the people.

Newspapers which sympathize with the Republicans give it away by failing to recognize the significance of the Democratic clean-sweep in Maine.

On account of the resumption of silence at Oyster Bay, it is not known whether the Rough Rider has resumed his position on the fence or is simply in the dumps.

The masses of the people are getting tired of having their wool clipped for the benefit of the practically few tariff beneficiaries of the Republican party. It is quite time, indeed!

Now that Maine has behaved like she has, Secretary Ballinger should resign in order to show the people of Maine what he thinks of them. In the language of Mr. Hinnessy "opportunity knocks wanst at ivery man's door."

Atlanta papers never fail in referring to all kinds of girls as "a beautiful Atlanta girl," even if she has a nose like a fig and freckles that won't come off even during the Winter. Everybody should hold up for his own town

It is said Mr. John D. Rockefeller is trying to get in touch with all his relatives. We should rather tnink he would have great difficulty in preventing them from getting "in touch" with him while he is getting along so well.

Col. Roosevelt now refuses to comment on the result in Maine, but if any good comes out of it he will make a speech some of these days commending Maine for permitting itself to be influenced by his speecnes in the West.

A college graduate claims to have ascertained the weight of the earth by mathematical calculation. Probably he didn't make a cent while he was weighing what belongs to our old friends Rockefeller, Morgan and the Guggenheim brothers.

When the news flashed over the wires announcing that Democratic clean-sweep in Maine, President Taft, Colonel Roosevelt and Speaker Cannon refused to talk to newspaper men. How could the news fiends expect dumfounded men to be able to talk?

Jim Woodward, who used to cut up so when he was formerly Mayor of Atlanta, announces that he will be a candidate for Mayor at the next municipal election. Friend Jim notes the tendency of the times is to forget and elect all sorts of people to office just because they want it.

The beautiful prima donna, Lina Cavallieri, who married Robert W. Chainer, millionaire artist and clubman, denies that since she wedded him in June she induced him to make his entire fortune over to her and that after it was done she has been soul-mating with a Russian Duke. She can prove she left him sufficient to produce him an income of $5 a week. If he finds prices so high he cannot live on that allowance, he can supplement it by taking in "washing."

The Republicans explain it by blaming it on Maine's prohibition law that doesn't prohibit. They fail to make note of the fact, however, that the Insurgents are sweeping the States which have no prohibition. They should reconcile the causes for the Democratic clean-sweep in Maine and the Insurgent clean-sweep in the State of Washington in Tuesday's primaries. It is hard for Republicanism to recognize the fact that it is up against it in crossing the double track with Democratic and Insurgent trains running overtime in all directions.

CURE FOR HIGH PRICES.

A Nation of consumers in the grasp of high prices constitutes an element of irreconcilables difficult to deal with when an attempt is made to explain away the cause of their burdens. There is not a household in this country that has not been disastrously affected by high prices, and those who have borne the burden are the ordinary producers as well as the consumers. There is a unison of complaint from every source except the monopolists who are enjoying the prosperity which the Republican party guaranteed them in its National platform.

There have been various attempts, politically and scientifically, to explain why the people of this country have been deluged with high prices to such extent that it has made the matter of living within one's income a most serious problem. Congress appointed a committee to investigate the reasons for soaring prices and that committee divided on partisan lines, the majority being Republicans and making a report from their standpoint, while the minority, made up of Democrats and Insurgents, sent in a finding corresponding to their point of view. There was one point upon which they all agreed and that was that the cost of living had been increased so outrageously as to call for an investigation by Congress. On the one hand, however, the Republican members of the committee attempted to exonerate the tariff and Republican extravagance, and presented more or less scientific reasons to steer the blame away from their party. The Democrats and Insurgents presented a report, largely blaming the tariff and logically presenting and discussing the causes in a way that has impressed the majority of consumers in this country with the fact that they cannot be made to pay high tariff duties for the purpose of excessively protecting the industries, monopolies and trusts of this country without its becoming a severe tax upon their industry and an onerous handicap upon their ability to support themselves and their families.

So afr as the protective tariff is concerned, the people are from Missouri and the burdens of the proof were upon the tariff advocates to show them beyond a doubt that the tariff was not responsible for the distress which the working people and consumers generally have felt during a long period under the protective policy that has made tariff beneficiaries rich beyond all avarice while the average man could hardly make both ends meet. That proof has not been forthcoming in a way that would disabuse the mind of a reasonable man of the conclusion that if he pays a high tax for somebody else's benefit it will add to his burdens.

None but partisan Republicans, bent on saving their party have attempted to shield the tariff and they have done so blindly in face of the Republican platform acknowledgment indicated by the promise of tariff revision. The fact is the greed of the tariff beneficiaries controlled the Republican party, with the result that the President and his majority in Congress surrendered to them and violated the pledge that might have saved the Republican party from the maelstrom of its folly, hypocrisy and deception.

High prices in this country have attracted attention abroad, and in the Wall Street Journal, of September 13th, we find an article quoted from the London Statist concerning this serious problem in the United States. We reproduce here an article from the Wall Street Journal containing the extract from the London Statist and accompanied by comments of New York's well known financial journal:

"In a thoughtful study of American conditions, certainly indicating that the London Statist can find much of value left for the foreign investor in our securities, in spite of real and conjectural contraction in trade, that newspaper lays down the following broad principle, and it is well worth earnest study:

"'In our judgment, the remedy for high prices lies in large profits. We have never yet seen an industry where the profits were unduly large which did not subsequently suffer from an excessive influx of capital and labor, and which did not subsequently experience a period of low prices and low profits. To attain the object in view only two things are necessary—first, publicity, which would enable everyone to know the amount of profit obtained in proportion to the capital expended; and second, wise laws, which would encourage capital and labor to flow into the most profitable industries. Were this policy to be carried out, we believe that the companies would be careful to charge reasonable prices to consumers, and would themselves provide the capital needed to increase their production in proportion to the increasing demand.'

"This practically conditions a return to free competition. Where a monopoly exists, and for the sake of efficient service must exist, the public right to regulate has been successfully asserted, as in the case of the railroads and public utilities of all kinds. In the case of our large industrial corporations, no natural monopoly exists, and one cause of high prices is the attempt to make one. This has been done in various ways. One of these ways is the extortionate protection afforded to the manufacturers of the necessities of life by the tariff. The result has been the co-operation for inordinate profits of the manufacturers of woolen and cotton goods, safe in the knowledge that the great mass of consumers cannot, through imports, restore healthy competition. These two industries are merely taken as typical, but anybody can supply for himself innumerable other instances in point.

"To our thinking, the fullest publicity is the best remedy, until such time as the tariff can be adequately adjusted. The corporations we have instanced have been able to conceal their profits and dictate the prices of their product. The Statist suggests the remedy. Every industrial corporation should be compelled to supply figures at least as full as those of the United States Steel Co. Cotton and woolen manufacturers have been making exorbitant profits, and the exhibition of that fact would stimulate competition, or would compel such corporations to reduce prices to a reasonable basis. We have plenty of laws against conspiracy in restraint of trade, both State and Federal. The combination of publicity and the enforcement of such laws is eminently calculated to bring down the cost of living. We are devoting altogether too much attention to investigating railroad earnings, which are strictly regulated by law, and too little to the department of corporation enterprise, where investigation would bear real and immediate fruits."

The student of economics who frees himself from political considerations will learn something from the observations of the London paper as well as from the Wall Street Journal, which acknowledges the burdensomeness of high prices and fixes the responsibility. Anyone who can read the extracts above quoted and fails to be convinced of the truth, from even such unexpected sources, must be obtuse indeed. Reasonable men may as well ackuowledge that the tariff enables the combines and monopolists of this country to fix prices on the products and manufactures over which they have control. The successful efforts of combined industrial establishments in the curtailment of production in order to put up prices, and to keep them up, is a matter of every day observation by all of us. Great concerns in this country have thus been enabled to impose high prices on consumers in spite of the law of supply and demand, curtailing when the demand gets strong and thus burdening consumers who might otherwise get the benefit of lower prices which a liberally supplied market necessarily would afford them.

The specific purpose of the protective tariff is to make sure that there shall be no foreign competition for American industries and thus with foreign competition eliminated the only competition possible would be among our home industries themselves in a market fenced in for their special benefit and exploitation. However, with foreign competition eliminated by the tariff, our protected American industries entered into combines and trusts and thus eliminate competition at home as well as from abroad. This accounts for the establishment of monopolies in various lines affecting every phase of American life. The monopolists fix prices and dominate all the branches of trade, selling manufactured products at their own price and paying their own price for their raw material. This is a game at which only one side can play, and in doing it they are entrenched behind the tariff wall so securely that producers of raw material and consumers of finished products are at their mercy. We fail to see how this can be successfully disputed.

Millions of American voters have realized this for years and we have often wondered how long it would be till the majority of the American people would open their eyes to the situation and the conditions and place in power a party which is not committed to a policy so ruinous and disastrous to the rights and interests of the masses. We have no doubt, however, that the victims long ago would have voted the Republican party out of power, but the trusts, combines and monopolies which were brought into existence by the tariff and depend upon it for their life, made it a part of their business to make sure of the continuance of the protection policy that enriches them. Therefore, they have continuously subscribed immense corruption funds for Republican campaigns and debauched the people's elections, thus preventing a free expression of the choice of the people at the ballot box. The prodigal subscriptions to the Republican campaign funds have been nothing more nor less than an investment by the trusts and monopolies which were sure to receive back their money tenfold in the shape of tariff benefits.

The Republican party has made a custom of spending its corruption funds in doubtful States while the Democrats were boasting of the prospects of carrying such States. Democratic boasts of prospective victories in the close States simply pointed out the weak spots, and thereupon the unscrupulous Republican campaign managers simply wiped out the weak spots with their corruption funds The purchase of elections has not only debauched voters, but the reputation of the Republican party for having boodle to burn has led away many a man who was seduced by the hope of gain and office, a condition which is making poltoons and grafters from one end of the country to the other.

The last four or five Presidential campaigns have specifically served to convince the American people of the danger and enormity of such frenzied politics, and the signs of the times are that the voters are coming to their senses and will put safer guardians in charge of their government.

DEMOCRATIC CAMPAIGN BOOKS.

The Hon. A. H. Eller, chairman of the State Democratic Executive Committee, with headquarters at Raleigh, has placed the Star under obligations for a copy of the "North Carolina Democratic Hand-Book" for 1910. Altogether it is a publication of great interest and decided value. It is a comprehensive and able presentation of the issues in the present campaign, which we regard as one of the most vital in the history of the American Republic. The handbook has been edited with ability and care and within its pages are to be found political history and articles on subjects of the greatest concern to the people of North Carolina. The record of the Democratic administrations in North Carolina is fully stated and it presents an array of facts, achievements and progress under Democracy that must be convincing to every loyal North Carolinian who wishes to see his State secure along safe and progressive lines. It is hardly necessary to make note of the great variety of matter contained in the publication, as we hope to make use of much of the information during this campaign. Nevertheless, we must refer here to the peculiarly interesting history of Marion Butler so fully presented and in a manner that cannot fail to enlighten North Carolinians concerning a political career that in the past put a blot upon the Good Old North State and which is today a menace to the happiness, progress and political well being of the people of the State. Butler and Butlerism form an intensely interesting feature of the Hand-Book, and certainly the publication for that reason, and for its general contents as well, is fit to be preserved in the libraries of the people of the State. The citizens of North Carolina will be specially interested in the statement that this valuable Hand-Book is for free distribution and that a copy will be mailed to all persons desiring one. It can be had by addressing Chairman A. H. Eller, Raleigh, N. C.

While we are thanking Chairman Eller for the "North Carolina Democratic Hand-Book," we also acknowledge, through his courtesy, receipt of the "National Democratic Campaign Book" which he had sent to the Star from National headquarters at Washington. We also find that publication a most invaluable document. The National campaign book is notable by reason of the fact that it not only contains the vital issues in the present campaign but embraces a strong indictment of the Republican party from Democratic sources, supplemented by powerful speeches and arraignments of the party in power by insurgent Republicans whose hope has been to save their party by leading it back to the people out of its captivity by the trusts and special interests which now dominate the party of Abraham Lincoln.

Every man who wants to cut down living expenses should vote against the Republican party or live on half rations.

After a millionaire is parted from his money by a pretty stage woman he is no more than any other Johnny on the curb.

CURRENT COMMENT.

They raised sand sure enough at that Democratic resurrection in Maine. —Atlanta Constitution.

"Prohibition, primaries and progression" promises to leave nothing to be desired as the successor of rum, romanism and rebellion."—Washington Post.

McNinch, with righteous indignation, refuses to take advice from the county pie machine, preferring to consult the State pie machine, headed by that great political uplift, Mary Ann Butler.—Charlotte News.

Thomas E. Watson again shakes the dust of Democracy off his sandals and departs from us with the warning that "the whole nation seems to be plunging hellward." If that be true, Thomas, we shall meet again.—Houston Chronicle.

Roosevelt is reported to be keenly curious to know just how Lorimer took his, Roosevelt's, spectacular snub. Is the vain politician longing to know just how deeply he insulted a man who never insulted him?—Greenville (S. C.) News.

We heard Iredell Meares make a ringing Democratic speech a few years ago; now he is spouting hot air on the other side.—Rowland (N. C.) Sun.

Republicanism seems awfully busy trying to make out that Maine isn't much of a political ground hog, anyhow.—Washington Post.

The Democrats of this State should welcome Representative McKinlay and Vice President Sherman with wide open arms. Every State where they have made speeches has responded with either Democratic or Insurgent victories. The Democrats in this State can get along without them, yet their presence will help. Send them along.—Greensboro Record.

In reading store ads most people about some particular article—hence are looking for definite information merchants should quote prices always.

ROBESON DEMOCRATS.

Chairman Geo. B. McLeod Requested to Resign—Candidates.

(Special to News and Observer.)

Lumberton, Sept. 14.—There was a mass meeting here today attended by three hundred Democrats who are opposed to the management of the party in Robeson county by George B. McLeod. The present sheriff, E. D. McNeill, was endorsed.

The executive committee was called upon to request Chairman McLeod to tender his resignation at once.

Warm speeches denouncing Mr. McLeod's management were made by R. D. Caldwell, Rev. E. M. Hoyle, pastor of the Methodist church, and Rev. C. H. Durham, pastor of the Baptist church. The meeting was presided over by T. A. McNeill, Jr.

For the House of Representatives Dr. B. F. McMillan, of Red Springs, and Mr. McArthur, of Rowland, were endorsed.

Those endorsed for county commissioners were: M. C. McPhaul, of Lumber Bridge; Mr. McGougan, of Blue Springs; E. A. McCormick, of Pembroke; A. J. Floyd, of Fairmon, and W. H. McClellan, of Thompson township.

The Lash of a Fiend

would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lagrippe, asthma, hemorrhage, croup, whooping cough, or hay fever. It relieves quickly and never fails to satisfy. A trial convinces. 50c, $1.00. Trial bottle free. It's positively guaranteed by Robert R. Bellamy.

NAMES TO APPEAR EARLY NEXT WEEK

Popularity Contest Will Have Its First Public Announcement and Show Down Then.

GET INTO THE GAME EARLY

Early Start is Half the Battle—How Votes May Be Secured—New Subscriptions and Arrearages—No District Limits.

The names of the contestants who have been nominated in the Morning Star's popular voting contest will be published in a few days, possibly the very first of next week.

Every young woman and young man whose name has been sent in is to appear in the columns of the contestants, and they should send in every vote possible up to that time for a good start means a good ending.

Many inquiries have been received from contestants and interested parties as to what districts are working against each other. Now in this contest the districts are all working for the four capital prizes, the $500 in cash, the two trips to Cuba, the handsome upright piano, and the pony, harness and buggy.

After these grand premiums have been awarded, there will be four premiums for each district, and in that way each district is a separate and distinct contest in itself.

The only way districts are working against each other is for the grand capital premiums, for each contestant who enters the contest has the chance to win one of these grand prizes.

The first thing a contestant should do after being nominated is to get votes, and the way to get votes is to gather coupons from the Morning Star, also secure subscriptions to the Star.

If a person should already be a subscriber, settlement of all arrearages and a payment in advance will count for a large number of votes. If the party is not now a subscriber, the young lady should see that they subscribe at once, so that she will receive credit for the votes in this contest.

Every six months' subscription which comes in for a contestant will count 1,200 votes for the contestant, and every yearly subscription which comes in will count 3,000 votes for the contestant.

The way to be a winner in this contest is to start right out after subscriptions, and each contestant should get the promise of their friend's subscription before some one else gets ahead of them.

Contestants are not confined to securing subscriptions in just their districts, but may get them from any district, or from any town outside of the districts. It does not matter where the subscription comes from, the vote may count for any contestant in any district of the contest.

The names of the contestants will be announced in a few days. After that the names will appear daily, showing the votes cast by contestants daily. Each contestant should endeavor to make just as good a showing as possible.

How Votes Are Secured.

A coupon good for five votes will appear in the paper for the next few weeks, these coupons are good for votes, and a contestant may gather just as many of these as it is possible for her to secure. These coupons in order to be counted do not have to be acompanied with a subscription, but each one if sent to the Star office with a young lady's name filled in before the date on it has expired will count to the young lady's credit, toward one of these handsome premiums.

Securing Votes.

Another way to gather votes is to secure subscriptions to the Morning Star. Votes will be allowed on new subscription, also renewals and arrearage payments, with a further payment in advance.

Young Woman's Contest.

Contest No. 1 is for young women, married or single, and has been divided into six districts so that all of the contestants will not be working against each other.

In this contest the Star is offering four Grand Prizes, and 24 district prizes, consisting of $500.00 in cash, a handsome upright piano, two trips to Cuba, with all expenses, a Shetland Pony, Harness and Trap, six Handsome Diamond Rings, Six Turkish Rockers, Six Gold Watches and Six $25.00 Bank Accounts.

The young woman, city or country, who has the largest number of votes to her credit at the close of the contest will be awarded the $500.00 in cash. The second highest will be awarded the Piano. Third highest will receive the Trips to Cuba, selecting her own companion to accompany her, and the fourth highest will receive a Shetland Pony and complete outfit.

Should the second highest contestant, however, prefer the trips or the Pony to her Piano, she would be allowed the privilege of choosing her prize, as the largest numbers of votes of course, have first choice of the prizes.

Twenty-four District Prizes.

After the Four Grand Prizes have been awarded there will be 24 district prizes divided evenly among the six districts making four prizes sure to go to each of the six districts into which this contest has been divided.

A coupon good for five votes appears daily in the Morning Star, and of these a young woman may gather as many as she possibly can daily, and have her friends gather them for her, and if she sends them into the office before the date at the bottom has expired, they will each one count for five votes to her credit.

The nomination blanks which also appear daily, are to be used for nominating only, and only one will be credited to each contestant. These nominating blanks count for 2,000 votes, and enable the young woman to make a good start when she first enters the contest.

How Votes Are Secured.

Contestants and their friends may gather as many of the ten vote daily ballots as they can possibly secure, each one placing the candidate's names just that much nearer the Grand Prizes.

Another way to secure votes is to gather subscriptions to the Morning Star. Votes will be allowed on new subscriptions, on arrearges, and also on renewal of subscriptions.

Year's Subscription 3,000 Votes.

A year's subscription to the Morning Star is $6.00 and on that subscription 3,000 votes will be given on a new subscriber. The schedule on four months and six months subscriptions is also fully outlined in today's announcement. A full list of premiums, the schedule of votes, the distribution of the prizes, in fact every detail pertaining to the contest is fully explained in the full page announcement today.

Now is the time to enter the contest, for an early start is half the battle. Send in your name or that of your friend at once to the Contest Manager of the Morning Star, and get the contest fully explained, and the winning will be easy.

Who May Enter Contest.

Any young woman, married or single, residing in Wilmington or the States of North or South Carolina, is eligible to compete in this contest. A young woman does not have to be a subscriber to the paper in order to enter. All that is necessary is to send in the name and address, and assurance that the person entering is in good standing.

No relative or anyone connected with the Star office will be allowed as a contestant.

Contest No. 2—For Boys.

The Star has also put on a contest affording the hustling boys of its territory a chance to put in their spare time during the next few weeks before school opens to win a handsome prize for their efforts.

A coupon appears daily for the boys' contest, and each one of the votes counts for five, and the young man may secure as many of these as he possibly can get together. His friends may gather them and send them in for him, just so they are sent in before the date at the bottom has expired. They will count to the young man's credit for five votes each.

This contest is entirely separate from the contest for young women which has just been inaugurated, but the same schedule of votes will be used for both contests. That is 3,000 votes on a new yearly subscription, 1,000 votes on a new six months subscription, and 400 votes on a new four months subscription.

There will be three prizes for the young men in the city of Wilmington, and three prizes for young men outside of the city of Wilmington, so in that manner this contest has been divided into two districts. The first prize for each district for the young men will be $50.00 each in cash. The second prize for each of the two districts will be handsome gold watches, and the third prizes for each of the two districts will be smaller watches.

A young man may send in one of the nomination blanks, thereby starting his name in the paper with 2,000 votes, and he may gather as many of the five vote coupons as he can possibly secure. Besides that he may secure subscriptions to the Morning Star, and secure large number of votes on each one brought in.

SEASON HAS CLOSED.

One of Most Successful at Carolina Beach in Many Years.

The present week marked the close of the season at Carolina Beach, which has been one of the most successful and one of the most delightful in years. More than 60,000 people have been handled without the semblance of an accident on Capt. John W. Harper's splendid steamer Wilmington and there has not been an accident or an unpleasant occurrence of any kind at the beach during the entire season. At the beginning of the season a number of improvements were made at the beach and these proved highly satisfactory to the large number of patrons of this splendid resort, which is destined to be even more popular the coming season. Capt. Harper has a number of plans on foot for improvement next year and though the past season was a record-breaker even greater things are expected in 1911. Capt. Harper is modest and is not given to vain boastings, but perhaps no man contributes more to the pleasure of residents and Summer visitors to Wilmington than he does and it is a pleasure to note the increasing popularity of Carolina Beach and his splendid steamer lines.

FUNERAL OF MR. WESTBROOK.

Remains Laid to Rest Yesterday Morning at Wallace, N. C.

The funeral of the late Mr. J. S. Westbrook, whose sad death occurred on Wednesday, was conducted at 10:30 o'clock yesterday morning from the family residence at Wallace, N. C., and the interment was with the honors of the United Confederate Veterans in the cemetery of historic Rock Fish Presbyterian church. The services were conducted by Rev. W. P. M. Currie, Revv. Y. E. Wright and Rev. W. L. Cuninggim and the funeral was one of the largest ever held in that section of the State, friends from all this section of the State having been in attendance. The floral tributes were many and very beautiful. Mr. Westbrook at the age of 17 was made captain of the Junior Reserves of the North Carolina Home Guards and William J. Houston Camp of Confederate Veterans turned out in honor, having been drawn up at attention at a convenient spot on the burial grounds and having uncovered as the remains were borne through. The pall-bearers were the four sons-in-law of Mr. Westbrook, Messrs. Binford Sloam, W. F. Murphy, A. L. McGowen and Robert Ruark and Messrs. T. Q. Hall and John W. Boney

NEWS OF THE SHIPPING.

Schooners Clear and Arrive—Cutter Off for Charleston.

The schooner Joseph P. Cooper, Capt. Beauchamp, cleared yesterday for Little River, S. C., where she will receive cargo of lumber. The vessel is the first of several chartered by the Hammer Lumber Company to receive cargoes at Little River for northern markets.

The schooner Wm. Thomas Moore, Capt. Griffith, arrived yesterday from Lloyds Neck, N. J., with fertilizer material for the Virginia-Carolina Chemical Company.

The British steamer Victorius, Capt. Thornburn, cleared light yesterday for Baltimore. She discharged fertilizer constituents to the Seaboard.

The revenue cutter Seminole cleared yesterday for a cruise to Charleston. She remained at Southport last night and will likely go to sea today.

LARCENY OF FISH CHARGED.

Haywood Pigford, Negro Drayman, Arrested Last Night.

Haywood Pigford, a negro drayman, was arrested at 7:40 o'clock last night by Patrolman J. H. Davis, on a warrant charging him with the larceny of three barrels of fish, valued at $17, from Mr. J. W. Brooks, the well known wholesale grocer, at the foot of Dock street. The larceny is alleged to have been committed last evening. It was stated at police headquarters that there is a strong case against the negro, but the particulars of the robbery had not been learned by the officers. The warrant was sworn out by Mr. Brooks. In default of bond the negro was lodged in the city prison to await hearing before the Recorder this morning.

BIG HAUL MULLETS.

Messrs. Smith and Shepard Secure About 8,000 Pounds.

One of the largest hauls of mullets made this season was made by Messrs. Geo. R. Smith and H. B. Shepard in Middle Sound about 12:30 o'clock Wednesday afternoon. The haul consisted of about 4,000 bunches or between 7,000 and 8,000 pounds. The fish were brought to the city and marketed through the Wilmington Fish Company and Mr. Ed. Taylor. Messrs. Smith and Shepard have made some phenomenal hauls this season and the prices have been very satisfactory indeed.

LANDSLIDE FOR GODWIN

Carries New Hanover County by a Majority of 470 Out of Total Vote of 1,216—Many Stayed Away From Polls.

With the exception of Castle Haynes where Clark led by one vote, Godwin carried every precinct in New Hanover county in the voting contest yesterday to determine the Democratic nominee for Congress in the Sixth District, rolling up a majority of 470 out of a total of 1,216 votes cast. This is about 40 per cent. of the normal Democratic vote of the county and means that about 60 per cent. of the qualified electors did not exercise their franchise for one cause or another.

The result in this county was not surprising, except in the size of the majority given Godwin, for it was generally understood that hundreds of qualified Democratic electors had declared they did not intend to participate in the primary. This vote would, very likely, have gone to Clark. It is believed that Godwin's full strength in the county is indicated in the returns of yesterday's contest. Godwin's forces were well organized and worked at the voting precincts from the hour of the opening of the polls until the close. There were a number of Clark workers at the polls also and they probably turned some votes, but as stated above it appears that Clark's strength in the county lay with those who did not go about the polls.

The following is the vote in the city and county according to the unofficial returns made last night:

First Ward—Godwin 114; Clark 64; a majority for Godwin of 50.

Second—Godwin 97; Clark 68; a majority of 29.

Third—Godwin 144; Clark 74; a majority of 70.

Fourth—Godwin 103; Clark 47; a majority of 56.

Fifth—Godwin 242; Clark 90; a majority of 152.

Harnett township, seven-mile post—Godwin 21; Clark 6; a majority of 15.

Harnett, Delgado—Godwin 79; Clark 14; a majority of 65.

Cape Fear, Castle Haynes—Clark 9; Godwin 8; a majority for Clark of one vote.

Masonboro—Godwin 25; Clark 0.

Federal Point—Godwin 10; Clark 1; a majority of nine.

The polls opened at noon and a majority of the votes were cast before 3 o'clock in the afternoon at most of the precincts. There was considerable interest in the contest, but not as much as would naturally be expected. As can be seen from the vote given above, Godwin carried every precinct in the county by majorities ranging from nine in Federal Point township, to 152 in the Fifth Ward, with the exception of Cape Fear township, which gave Clark a lead of one vote. Friends of Mr. Clark conceded early in the afternoon the majority for Godwin in New Hanover county and the only uncertainty was the size of the majority. Owing to the fact that there were only two candidates and the vote being light, little time was required to count the ballots, except in the Fifth Ward, where the result was not announced until after 7 o'clock, an hour after the polls closed.

The small vote for Clark is accounted for by his friends by the fact that any number of voters felt reasonably certain of Godwin's nomination and being unwilling to pledge themselves at this time to support him in the general election, which they would have been morally bound to do, refrained from taking any part in the contest, so as to be left free to vote or not vote for Godwin in November, as they feel disposed.

The Republicans appeared to favor Godwin for the nomination, feeling that his defeat at the hands of Iredell Meares, Esq., Republican candidate, would be more easily accomplished than if Clark was the standard bearer of Democracy. However, one Republican prominent in the councils of the party, declared yesterday afternoon that it would be better from a Republican standpoint if Clark secured the nomination, but he unhesitatingly said that he was glad the indications pointed to Godwin's nomination, for the Harnett county man was the person to represent this district in the halls of Congress.

MR. W. CAPPS DEAD.

Passed Away Yesterday Morning at His Home in Norfolk.

Mrs. C. R. Davis received a telegram yesterday morning conveying to her the sad intelligence of the death of her uncle, Mr. W. Capps, which occurred in Norfolk, Va., early yesterday morning, the message stating that he died suddenly from heart trouble. Mr. Capps resided in Wilmington several years ago and had many friends in this city who will regret to learn of his passing. He was 46 years old and is survived by his wife. Mr. R. L. Sellers, of this city, brother of Mrs. Davis and a nephew by marriage of Mr. Capps, will leave this afternoon for Norfolk to attend the funeral services, which will be held tomorrow. Mr. Sellers' mother has been making her home with Mr. and Mrs. Capps in Norfolk for some time.

Your Freckles

Need Attention in September or Face Will Stay Covered.

September is the time to take special care of the complexion if you wish it to look well the rest of the Fall and Winter. The Summer sun has brought out freckles that will stay the rest of the year unless removed now with Othine—double strength.

This prescription for the cure of freckles is the discovery of an eminent skin specialist, and is so uniformly successful that it is sold by J. Hicks Bunting Drug Company under the guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even the first night's application will show a wonderful improvement, some of the smaller freckles even vanishing entirely.

WORK ON LOWER CAPE FEAR

Proposals Sent Out Inviting Bids for Dredging Below Wilmington in Pursuance of Project Approved in July.

In pursuance to the project approved by the Chief of Engineers, U. S. A., July 26, 1910, for which $200,000 has been set aside, Capt. Earl I. Brown, Engineer in charge of this district, sent out proposals inviting bids for dredging the Cape Fear river below Wilmington, the work to begin at a point 22 miles below the city and extend up the river to a point seven miles below Wilmington. Bids will be received at the engineer's office until 12 M., October 14th, when they will be opened and publicly read.

This work is in furtherance of the project to give Wilmington a 30-foot channel to the ocean, and is of great importance not only to Wilmington, but the entire State. Under the appropriation of $200,000 which is reserved for the work for which bids are now invited, it is the purpose to complete the river channels above Reeves Point to 270 feet width and 24 feet depth, and the channels below Reeves Point to the same width and 22 feet depth In addition to this, the work is then to be continued with a view of obtaining 26 feet depth, with a width of 150 feet in all river channels between Wilmington and a point about 22 miles below it, or about two miles above Southport, to be further increased to 28 feet from Wilmington as far as funds will permit. The proposals give in detail a description of the work to be done, also the present condition of the channels.

At Snow's Marsh Channel, opposite Snow's marsh, 20 miles below Wilmington, it is proposed to obtain a depth of 22 feet for a width of 270 feet, and a depth of 26 feet for a width of 150 feet, which will require the removal of approximately 550,000 cubic yards of material. Reeves Point channel, opposite Reeves Point, 17 miles below Wilmington, is to be increased from 24 feet in width to 270 feet, and to obtain a depth of 28 feet for a width of 150 feet, requiring the removal of approximately 250,000 cubic yards; Midnight channel, across Midnight Shoal, 16 miles below Wilmington, is to be widened, giving a 270 foot channel instead of the 24 foot channel, and to obtain a depth of 20 feet for a width of 150 feet, requiring the removal of approximately 450,000 cubic yards; at Old Brunswick channel, at Old Brunswick Cove, 13 miles below Wilmington, it is proposed to obtain a depth of 28 feet for a width of 150 feet, requiring the removal of approximately 80,000 cubic yards; Lilliput channel, across Lilliput Shoal, 11 miles below Wilmington, is to be given a depth of 28 feet for a width of 150 feet, requiring the removal of approximately 200,000 cubic yards; Keg Island channel, near Keg Island, nine miles below Wilmington, is to be given a depth of 28 feet for a width of 160 feet, which will require the remova lof approximately 130,000 cubic yards; Logs and Big Island channel, near Big Island, seven miles below Wilmington is to be given a depth of 28 feet for a width of 150 feet, requiring the removal of approximately 150,000 cubic yards. These shoals form one continuous channel between the point where the dredging is to begin and the point where it is to end, as above noted, there being no place between these points where the natural depth of 26 or 28 feet exists for the width of 150 feet. The channels 26 and 28 feet deep and 150 feet wide are to be dredged so that their centers will be near the center of the 270-foot dredged channel.

It is set out in the proposals that while the dredging on these shoals has been done with a view of obtaining 24 feet depth, this depth has been exceeded in many places, and the depths of 26 feet and 28 feet exist over many small areas where channels of these respective depths are to be provided, while in other places the depth has shoaled to less than 24 feet. Some further shoaling is expected to occur in places before actual dredging operations are started. The awarding of the work as a whole is contemplated.

The contractor will be required to commence work under the contract within 30 days after the date of the receipts of the notification of approval of the contract, to prosecute the work with faithfulness and energy, and to complete it within one year after said date of notification. The bidder to whom the award is made will be required to enter into a written contract with the United States, with good and approved security in an amount of $20,000.

NEW OFFICER ELECTED.

Important Meeting of Baraca Class of First Baptist Church.

The feature of the regular meeting of the Baraca Class of the First Baptist Church last night was the election of officers for the ensuing six months. The following are the officers elected, their terms to begin October 1st:

President—C. S. Lewis.

First Vice-President—C. S. Lewis.

Second Vice-President—L. R. Pigford.

Recording Secretary—H. C. Marshall.

Corresponding Secretary—C. B. Vann.

Treasurer—W. H. Andrews.

Press Reporter—D. H. Howes, Jr.

Leader—C. B. Newcomb.

First Assistant Teacher—Dr. J. H. Foster.

Second Assistant Teacher—F. L. Allen.

The list of new officers comprises some of the strongest and most progressive of the young men of the church and great things are confidently expected of the Baraca Class during the ensuing term. Mr. Newcomb was elected teacher in the place of Mr. E. G. Mintz, who has held the position with conspicuous loyalty, and ability for the past two years, but who leaves Wilmington shortly with the purpose of fitting himself for the ministry. Mr. Newcomb is recognized as a most competent teacher, and he was unanimoulsy elected to the position with the assured feeling of all that he would carry on the work of the Bible instruction with the utmost success.

MARRIED WOMEN

No married woman's happiness is complete without children; she yearns with the deeper longings of her nature for the joys of motherhood. But women who bear children should prepare for the coming of baby by properly caring for their physical systems. Mother's Friend is the expectant mother's greatest help. It is a remedy which prepares the muscles and tendons for the unusual strain, renders the ligaments supple and elastic, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. It is especially valuable where the breasts are troublesome from swelling and congestion, and its regular use will lessen the pain and danger when the little one comes. Women who use Mother's Friend are assured of passing the crisis with safety. It is for sale at drug stores. Write for free book for expectant mothers.

SOCIETY

Miss Eloise Jackson has entered Peace Institute at Raleigh for the Fall term.

* * *

Mr. T. J. Rand left yesterday for Norfolk and Baltimore, to spend a few weeks.

* * *

Miss Buelah Rand left Tuesday for Louisburg Female College, where she will attend school.

* * *

Mr. and Mrs. W. M. Hankins and granddaughter, Miss Aline Saunders, are visiting at the home of Mr. J. A. Corbett, at Wilson.

* * *

Dr. B. J. Willingham has returned to the city after a few days visit to Richmond, Va., where he went to attend the marriage of his sister, Miss Belle Willingham, to Mr. Ralph Ferrell, of Raleigh.

* * *

Rev. William E. Cox, rector of St. John's parish, and Mrs. Cox returned to the city yesterday after spending the Summer away. Mr. Cox spent some time at Blowing Rock and Mrs. Cox visited her former home at Knoxville, Tenn. They have been most cordially welcomed home by a host of friends.

* * *

Yesterday afternoon's Fayetteville Observer says: "Miss Josie Alexander returned yesterday from Wilmington, after spending several weeks with friends and relatives.——Mrs W. F. Alexander left this morning for Ivanhoe, to spend several days.——Mr. George Harriss, of Wilmington, was in the city last night, en route home from Raleigh, where he went to enter his daughter, Miss Gene, in Peace Institute."

* * *

A pretty Autumn wedding was celebrated at 8:30 o'clock last evening when Miss Lila L. Mason, attractive daughter of Mr. and Mrs. L. L. Mason, of Long Creek, Pender county, became the bride of Mr. Washington W. King, Jr., son of Mr. W. W. King, of this city. The nuptial event took place at the new home of the groom, No 618 South Seventh street, Rev J. P. King, pastor of the Second Advent Church, performing the ceremony. There were present a large number of the relatives and friends of the young couple.

The parlors of the home were attractively decorated in ferns and autumnal flowers. To the strains of the wedding march skilfully rendered by Mrs. H. K. Blats, cousin of the bride, the bridal party entered the parlor, where the words were spoken that made the couple man and wife. Miss Effie Mason, sister of the bride, was maid of honor, and Mr. J. W. Moore was best man. Other members of the wedding party were: Misses Gabriel King and Marion Maxwell and Messrs. W. E. and John E. King.

Mr. and Mrs. King were extended the happiest felicitations and best wishes of the large assemblage of relatives and friends. Immediately following the ceremony there was a reception and the delightful affair lasted until 11 o'clock. During the hours of the event numerous friends called and extended their felicitations and best wishes. Among the out-of-town guests here for the wedding were Mr. and Mrs. L. L. Mason, of Long Creek, parents of the bride.

The bride is an attractive young lady and since coming to Wilmington some months ago has made many warm friends who are delighted to know that she will reside permanently in this city. The groom is connected with Solomon's shoe store and is a young man of sterling qualities and has a wide circle of friends. Mr. and Mrs. King will be at home to their friends at No. 618 South Seventh street.

* * *

PRETTY WEDDING AT DILLON, SOUTH CAROLINA.

Dillon, S. C., Sept. 15.—The Herald of this week prints the following account of a pretty marriage here:

Thursday morning at 8 o'clock the marriage of Miss Eleanor Hall Sprunt and Mr. Niernsee was solemnized at the home of the bride's parents, Mr. and Mrs. N. H. Sprunt, in the presence of a few intimate friends and relatives of the bride and groom.

The ceremony was performed by the Rev. J. H. Wilson, of Greensboro, N. C., the former pastor of the bride, assisted by the Rev. G. A. Buckner, of the Dillon Presbyterian church. The wedding march was played by Mrs. L. Cottingham. Miss Sprunt was attended by her friend, Miss Will Weatherly, of Bennetsville. M. C. S. Dwight was the groom's best man. Miss Sprunt is the only daughter of Mr. and Mrs. N. H. Sprunt, and is widely connected in North Carolina, Charleston and Dillon. They have the best wishes of a host of loving friends.

The young couple received an elegant assortment of presents. A few out of town guests for the wedding were: Mrs. Margaret Roddick, Miss Eleanor Roddick, Red Springs, N. C.; Miss Johnson, Kenansville, N. C.; Mrs. F. Niernsee, Miss Virginia Niernsee, Mrs. N. H. Porter, Sumter, mother and sisters of the groom; Mr. John Sprunt, Norfolk, Va., brother of the bride; Miss Will Weatherly, of Bennettsville.

The following was taken from last Sunday's State:

An early Fall wedding, which will be of interest in Columbia, will be that of Frank M. Niernsee, formerly of Columbia, now of Dillon, and Miss Eleanor Hall Sprunt, formerly of North Carolina, now also of Dillon. The ceremony will be performed at the home of the bride's parents, Mr. and Mrs. Nicholas H. Sprunt, at 8 o'clock on the morning of Thursday, the 8th of September. Mr. Niernsee was born and reared in Columbia and made his home here until a few years ago, when he went to Dillon as chief engineer for the Dillon plant of the Southern Cotton Oil Company. He is a grandson of the famous Maj. Niernsee, one of the ablest architects the country has ever known, whose masterpiece was no less an achievement than the designing of the capitol of South Carolina. Maj. Niernsee was directly in charge of the work of construction on the building at the time the war put a stop to its progress for a score of years. He again assumed charge when work was resumed in 1884, but died shortly afterwards and two years later his son, Frank Niernsee, father of the young man in question, assumed charge and completed much of the interior of the State house and the cornicing and beautiful exterior decorating of the building as it stands today. Young Mr. Niernsee as an electrical and mechanical engineer of marked ability and has a bright future ahead.

AT THE THEATRES.

Tonight the Academy will make a pleasing and what should be a very popular offering in "Beulah." The sale of seats for the attraction commenced yesterday and a big feature, by special arrangements, is that 200 of the best seats are being offered at $1 each.

The production tonight, it is said, will be an elaborate one and will be interpreted by Metropolitan cast headed by Janet Waldorf, who will be best remembered for her work as the co-star with E. J. Morgan in the production of Hall Caine's "The Eternal City." The dramatization, too, is the work of a woman of extraordinary reputation, Alice E. Ives, who within recent years scored two great hits with "The Village Postmaster," and "The Brooklyn Handicap," while her special contributions to magazines and newspapers have made her name well known throughout the land. "Beulah" is as well known to readers as is "St. Elmo" and in many ways lends itself more easily to the purpose of the dramatist. Miss Ives has selected from the scores of character drawings those which stand out most prominently and no creations of the modern dramatic writer stand out more vividly than these types of an earlier day, that are as real at the present moment as when the penned lines gave them an enduring individuality.

Two Performances Tomorrow.

The best American play since "The Senator," "A Gentleman From Mississippi," will be given at the Academy tomorrow, matinee and night, by a special company under the direction of Wm. A. Brady. This is the play that ran so long in New York City, and when the Summer came was transferred to the Aerial Gardens, atop the New Amsterdam Theatre, where the run was continued right through June, July and August, "establishing for the first time in the history of the theatre that the public will go to see a play it wants to see even in a Summer-time roof playhouse. It was a strange experiment—this thing of giving 'A Gentleman from Mississippi," with its fine domestic story and its exquisite atmosphere, on a roof, hitherto associated with the irresponsible frivolities of musical comedy, of singing and dancing and clowning, and of entertainment prepared in the mistaken belief that Summertime audiences do not care for the plays they flock to see in the cooler weather.

But that all-Summer run on the New Amsterdam Theatre roof was not the only new thing accomplished in the first year of this capital play of Washington life. Its first year's run in New York covered a longer uninterrupted period than the first span of the run, in the same theatre, of David Warfield's in "The Music Master." And this same comedy, staged at the Grand Opera House, Chicago, on April 25th, ran 20 weeks there, right through the Summer, surpassing by 42 performances the famous record for Chicago of "The Man of the Hour."

This comedy of the adventures of a new Senator in the maze of Washington official and social life, will be acted here by a cast made up with uncommon care by Wm. A. Brady. The following ladies and gentlemen will tell the tale of "Big Bill" Langdon, of young "Bud" Haines, of the two Langdon girls and their admirers, and the stenographer betrothed to the fellow in Altoona, Pa.: Misses Emma Meffert, Leah Beard, Jane Otey, Jane Fernley, Beulah Watson, Lute Adams, Messrs. Robert A. Fischer, John Butler, John Arthur, W. H. Townsend, Arthur H. Ebbets, Thomas A. Irwin, Ernest Evers, Frank Hartwell, E. H. Bender, Walter Pollock, George H. Palmer and Mitchell Robinson.

Seats are now on sale at Plummer's.

The Al. G. Field Greater Minstrels.

The vocal contingent of the Al. G. Field Greater Minstrels on this, the Silver Jubilee Anniversary Year of this most widely known organization, embraces more talent than ever before in the Field history: Charles Reinhart, Paul Lalaonde, Joseph Norcross, Jack Richards, Walter Sherwood, Herbert Willison, George Martin, Norman Stanley, Will H. Starr, and a host of others go to make the Al. G. Field Greater Minstrels on this memorable tour the greatest collection of singers ever heard with one organization.

Field's great show comes to the Academy Monday night and seats will go on sale at Plummer's tomorrow, the scale runs to but $1.00.

At the Bijou Today.

Two unusually fine pictures will be shown at the Bijou theatre today. They are "The Legend of Scar Face," and "The Hall Room Boys." The former is an interesting Indian picture and is a reproduction of an historic Indian legend. The latter is an exciting and interesting comedy.

ROUGH SEA FOR FLEET.

No Word From Schroeder's Squadron Off Virginia Capes.

Newport News, Va., Sept. 15.—With a 36-knot northerly wind kicking up a choppy and rather nasty sea, the battleships of Rear Admiral Seaton Schroeder's Atlantic fleet were given all the rough weather desired for their battle practice today. No word reached Old Point Comfort today from the fleet as none of the auxiliaries came into the Roads and nothing definite is known about the practice. The night target practice, which began last night, was scheduled to be held again tonight, but it is believed here that the weather was too rough for the work with the smaller calibre guns along the waist line of the ships which are used in the night practice.

PROHIBITION CAFE.

To be Provided in Pittsburg for Carnegie Students.

Pittsburg, Pa., Sept. 15.—A prohibition cafe for students at the Carnegie Technical School is in preparation by the W. C. T. U. There are to be white ribboned waitresses and other white ribboned young women who are to cook the food. For some time past the younger members of the organization viewed with alarm the fact that "tech" boys enter saloons for meals and the scarcity of eating places in the vicinity of the school was brought before a meeting of the county W. C. T. U. It is planned to have a rest room in connection with the restaurant where students may loaf.

Washington, Sept. 15.—The government of Uruguay proposes to spend under recently enacted law more than thirteen million dollars in improvements and extensions of the port works in the harbor of Montevideo. Consul Gonding, of Montevidoe, is optimistic over the chance of an American firm obtaining the contract.

CALEB POWERS NOMINATED.

Nominated for Congress in Eleventh Kentucky District.

Barbourville, Ky., Sept. 15.—Returns from the Republican Congressional primary in the 11th district show the nomination of Caleb Powers, of this city, over Congressman D. C. Edwards, stand-patter, by 7,000 votes. National issues did not enter into the race.

Powers, who was a famous political prisoner, regards the nomination as his vindication.

Powers Carried all but four of the 19 counties.

Congressman Edwards is serving his third term. Powers made his race on an appeal to the voters to give him the nomination as a "vindication" for his alleged complicity in the assassination of Senator William Goebel in 1900.

Powers, who was Secretary of State at the time of the assassination, was confined in jail during eight years, his first three trials resulting in conviction and the fourth in a disagreement. Last year Gov. Willson swept the court records clear of all of the cases remaining untried in connection with the Goebel murder, granting pardons to Powers and several others.

The fourth district has a nominal Republican majority of 20,000.

COLORADO CONVENTION.

Shafroth and Entire Ticket Nominated Yesterday at Denver.

Denver, Col., Sept. 15.—Adherents of Gov. John F. Shafroth, who last night was nominated for re-election by the Democratic State convention by the scant official plurality of 27 votes, today finished their work by bringing about the nomination of the entire Shafroth slate.

Nominations made today are: Lieutenant Governor Stephen R. Fitzgerald, incumbent; Treasurer, Rody Kenehan; Secretary of State, James B. Pearce, incumbent.

MR. ALEX SESSOMS DEAD.

Passed Away Yesterday in Fayetteville—Prominent in Georgia.

Mr. Thos. E. Cooper, cashier of the American National Bank, yesterday received a telegram announcing the death of Mr. Alex. Sessoms, formerly of Stedman, this State, but for the past several years a large naval stores operator and timber merchant of Waycross, Ga. Mr. Sessoms passed away yesterday morning in a hospital in Fayetteville, where he had been under treatment for some time. He came to visit his old home at Stedman some time ago and it was while there on a visit that he become sick and was taken to the Fayetteville hospital for treatment. Mr. Sessoms was a member of the well known family of that name in this State and was about 77 years of age. He was married twice, the last wife who with several sons and daughters survive him, being from Waycross, Ga. At the time of the death of Mr. Sessoms, the wife and several of the children were in Mexico where Mrs. Sessom is spending some time for her health. One daughter, Mrs. L. J. Cooper, of Tampa, Fla., was in Fayetteville with her father when the end came. The funeral will be conducted tomorrow at Stedman and the interment will be there.

The Fayetteville Observer of yesterday afternoon has the following:

Mr. Alexander Sessoms, one of the pioneer naval stores men of the South, and a man of large means, died in the Highsmith hospital, this city, this afternoon at 2:30 o'clock, aged 77 years. The remains will be taken to Stedman, his old home, in the morning, and the funeral will be held Saturday.

Mr. Sessoms had been very ill in Waycross, Ga., his adopted home, and came to see his brother, Mr. David Sessoms, at Stedman, in order to see if the change would do him good. He grew alarmingly worse Monday and was brought to the Highsmith hospital that day in a desperate condition, suffering from a complication of diseases.

With him when death came were his son, Mr. Alex. Sessoms, Jr., of New Mexico, and his sister, Mrs. Cooper, of Jacksonville, Fla.

The deceased was twice married, his first wife being Miss Bullard, a sister of Mr. B. F. Bullard, of Savannah, and his second wife, who resides in New Mexico, on account of her health, was Miss Lou Cogdell, of Sampson county. He was a brother of the late Mr. Kelly Sessoms and Mr. David Sessoms, of Stedman, and an uncle of Messrs. Jeff, Ed, Frank and John Sessoms; and of Mr. Alex. Sessoms, of Bonifay, Fla.

Mr. Sessoms was one of the best known naval stores men in the South, having left Cumberland forty years ago to follow the turpentine and timber business, which was then turning in that direction. He accumulated a great fortune and made many friends. He has vast property interests scattered over the South and has a million-acre cotton ranch in New Mexico.

Fine Catch of Drum Fish.

Capt. W. T. Beery, the well known Seaboard Air Line conductor, yesterday demonstrated to his friends that he can pull a fish line with equal efficiency as he can handle the bell cord on a railway train. He went down to the inlet at Wrightsville Beach yesterday, and on the proper tide succeeded in landing four of as fine drum fish as were ever seen in Wilmington. They were brought up to the city on the 2:30 P. M. car from the beach and a large number of the disciples of Isaac Walton who gathered to see the catch, at once voted Capt. Beery the palm for this season at least. One of the drum could have easily weighed 25 pounds.

THE COOK RECORDS.

His Financial Backer Leaves for Etah to Bring Them.

Copenhagen, Sept. 15.—The Danish government steamer Hans Egede arrived here today with the news that John R. Bradley, the financial backer of Dr. Frederick A. Cook's North Polar expedition was on his way to Etah to secure the much talked of records and instruments which Cook has said that he left at that Eskimo settlement northeast of Greenland. The captain of the steamer thinks that Cook is with Bradley, but gives no particular reason for his belief.

The Hans Egede which is the vessel upon which the explorer traveled to civilization, fell in with a yacht at Godhaven, Greenland, and in the course of exchanges between the masters learned that Bradley was aboard the other craft.

The polar hunt promoter admitted his identity and explained that he was bound for Etah to recover whatever had been left there by Dr. Cook. He refused, however, to either deny or confirm the report that he was accompanied by the explorer.

The government vessel also brings the information that two missionaries who are working among the Eskimos who accompanied Cook on his expedition say that these Eskimos insist that the doctor reached the North Pole, as he claims, prior to its discovery by Commander Peary.

Hankow, China, Sept. 15.—Jacob M. Dickinson, the American Secretary of war, arrived here today. The party came up the Yang-Tse-Kiang river from Shanghai. They will proceed by train to Peking where the Secretary will be received by the Prince Regent.

WILL IMPROVE DRAW BRIDGES

Navassa Will be Widened to 80 Feet. Alterations of Fenders at Hilton. Plans Will be Completed Soon for Work.

Plans will soon be completed by the Wilmington Railway Bridge Company for extensive improvements to the Navassa and Hilton draw bridges, across the Cape Fear and Northeast rivers, respectively, according to the requirements of the War Department, which took up the matter some two months ago, following a meeting of the Chamber of Commerce to further the improvements.

The Navassa draw will be widened to 80 feet, which will afford 20 feet more of space than at present, and will enable large steamers to pass through with safety, while the improvements at Hilton will consist of complete alterations in the fenders, which will be a decided improvement.

The Wilmington Bridge Company, as will be recalled, is owned jointly by the Atlantic Coast Line and Seaboard Air Line railways. The bridge improvements are essential to an enlargement of the business interests of the port and were discussed in a practical manner at a meeting of the Chamber of Commerce, at the same time being referred to the railroad companies and United States engineer's office here. The complaints to the railroad companies and others interested were heard at the meeting and then sent on to the War Department for recommendations, but the action taken has not been given out.

It is an assured fact that the bridge improvements will be made and work is expected to begin as soon as the plans are settled upon. The plans are to be made at the roadway engineer's office at the Coast Line. As soon as they are completed a meeting of the directors will be held and probably other improvements in addition to those mentioned will be agreed to.

It Saved His Leg.

"All thought I'd lose my leg," writes J. A. Swensen, of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it, sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds Cuts and Piles. 25c. at Robert R. Bellamy's.

Follow the Crowd.

Visit Appalachian Exposition—See Blue Ribbon Exhibit, and you'll go home with the exposition slogan "You'll like Blue Ribbon Extracts," the perfect flavoring.

LOCAL DOTS.

—Only one case was called in the Recorder's court yesterday morning and this was continued until today. The case is against two negro women charged with an affray.

—The funeral of Mary K. Millan, the infant daughter of Mr. and Mrs. W. H. Millan, was held yesterday afternoon from the family residence, No. 402 North Ninth street, conducted by Rev. C. F. Whitlock, pastor of Brooklyn Baptist church. The interment was in Bellevue cemetery.

—Mrs. C. E. Davis received a telegram yesterday morning conveying to her the sad intelligence of the death of her uncle, Mr. W. Capps, who passed away at his home in Norfolk, Va., yesterday morning. Mr. Capps resided in this city some years ago and many friends will be pained to learn of his death.

Scrap on Suburban Car.

A young white man hailing from South Carolina, whose name was not learned, and Mr. James Orrell, conductor on one of the suburban cars, were given hearing before Justice Silverman yesterday afternoon on charge of assault on each other. The trouble occurred on a suburban car at Delgado yesterday afternoon, arising over the refusal of the former to pay his fare. The fare was finally paid by a friend of the young man, who then arose in his seat and with an oath declared he would not pay another fare. The conductor thought that by rising and using the language he did, meant to strike. The passenger was then biffed one in the face, but was not injured. Constable Savage was on the car and placed the men under arrest. The passenger was fined $10 and costs and judgment as to Mr. Orrell was reserved until today.

Mr. Silas Sheetz Leaves.

Friends in the city of Mr. Silas Sheetz, who has held a position with the Stieff Piano Co., here for some time past, will be interested to learn that he has accepted a position with Moses & Co., the large musical instrument firm at Richmond, Va. Mr. Sheetz left here Wednesday and has already entered upon his new duties. He has many acquaintances, who will be pleased to learn of his promotion.

When Merit Wins.

When the medicine you take cures your disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley's Kidney Pills do for you, in all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Robt. R. Bellamy.

The ads will show you whether or not there's a chance today to buy that piece of furniture at your price.

BOUGHT BANKRUPT STOCK.

Mr. J. W. H. Fuchs to Have Big Bargain Sale in Short Time.

Mr. J. W. H. Fuchs, the well known clothier and gents' outfitter, yesterday purchased the entire stock of Ed. N. Penny, Incorporated, which firm was recently adjudged bankrupt, and he announces that in a short time he will offer the goods at greatly reduced prices. Announcement of the date of the bargain sale will be made in a few days. The sale will take place at the Penny establishment and the goods will doubtless be marked down to such figures as to attract a large number of customers until the entire stock is disposed of.

How to Own The Oliver Typewriter For 17c a Day

You don't have to draw on your Bank Account when you pay on the Penny Plan.

You need not disturb your Dolltrs. Keep them at work earning interest!

We offer our newest model, the Oliver Typewriter No. 5—fresh from the factory—for Seventeen Cents a Day.

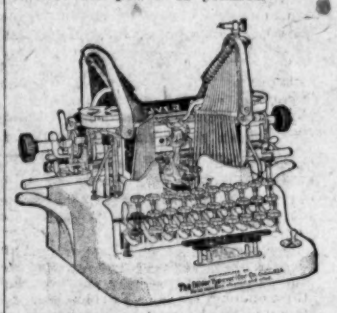
The plan is printed in "black and white" on the Application Blank below.

Simply fill out the blank, attach the small first payment, send it in, and on comes the Oliver!

No tedious wait! No red tape! No long-drawn-out correspondence!

You quickly own your Oliver and scarcely notice the outlay. You can have the use of your machine while pennies are "paying the freight."

You will never have a better chance to test the power of pennies.



The Oliver is everywhere!

It's the universal typewriter. Reels off real work with the ease and speed demanded by this mile-a-minute age. Wherever you turn—in Business in Offices, great or small—in the quiet of the Home—in the roar of the Railroad and Telegraph service—in the seething maelstrom of modern Newspaperdom—in countless kinds of service—it's the sturdy, strenuous Oliver that's "making the wheels go round."

The OLIVER Typewriter

The Standard Visible Writer.

You need your Oliver now. It's yours almost for the asking. The biggest hundred dollars' worth in America—for Seventeen Cents a Day!

Send along the Application Blank, with a small first payment of $15 as an evidence of good faith.

Your check is good—or send draft, postoffice of express money order.

THE OLIVER TYPEWRITER CO.
The Oliver Typewriter Bldg
Chicago, Illinois.

APPLICATION BLANK.

THE OLIVER TYPEWRITER CO.

Gentlemen:—I accept your offer of the latest model No. 5 Oliver Standard Typewriter for Seventeen Cents a Day. Enclosed please find $15 as evidence of good faith. I agree to save 17 cents a day and remit the balance, $85, in monthly installments. Title to remain in your name until the machine is fully paid for.

ADVANCE IN COTTON MARKET

Increase in New Crop Movement Theory of Traders—Closed Barely Steady—No Reason for Sudden Advance.

New oYrk, Sept. 15.—There was a sharp advance in the cotton market today and while part of the improvement was lost in the latter trading with the closing tone barely steady, last prices showed a net gain of 10 to 15 points for the day.

The market opened steady at unchanged prices, to a decline of six points and during the earlier trading was quiet and irregular. Local people appeared to be selling on the same old theory of a gradual decline in Southern values with the increase in the new crop movement, but trade interests were buyers and the market gradually firmed up until just before midday, shorts became uneasy and started a covering movement which found a very responsive market. Before the advance was checked October contracts sold at 13.24 and December at 13.11, or 19 to 25 points net higher. At this level realizing became a factor and the market later reacted from the best, but found enough demand on moderate set-backs to maintain a good part of the advance. There seemed to be no special item in the day's news to account for the sudden strength of the market and the tendency in local circles was attributed to shorts, who had been rendered uneasy by failure of their offerings to cause any sharp break and who became frightened when they saw how readily prices were advancing on a moderate demand from trade sources. Possibly predictions of an urgent export demand between now and the end of the month as a result of uncertainty as to the bills of lading situation had some influence, and may be the rains reported in Texas helped the advance, but there is no serious fear that European bankers will take a stand calculated to restrict shipments of cotton from this country after October 31st, nor did the weather in the Southwest seem to attract much attention. Southern spot markets officially reported early were generally unchanged to 1-8c higher.

Receipts at the ports today 27,091 against 13,291 last week and 37,605 last year. For the week 15,000 bales against 94,815 last week and 241,529 last year. Today's receipts at New Orleans 288 bales against 3,311 last year and at Houston 14,720 bales against 13,305 last year.

Cotton spot closed quiet, 5 points higher; middling uplands 13.80; middling gulf 14.05; sales 2,555 bales.

Futures opened steady and closed barely steady.

COTTON MARKET.

Market quiet 13 1-4. Quotations corresponding day last year 12 cents.

Receipts of cotton at the ports today 726 bales, same day last year 4,530 bales.

PRODUCE MARKET.

(Quoted by W. J. Meredith, Sept. 10.)

PEANUTS—North Carolina, No. 1 $1.20 to $1.25 per bushel.

CORN—Firm 85 to 90 per bushel.

N. C. HAMS—Dull: hams 20; shoulders 16 cents, and side 17c.

EGGS—Good demand 25 cents.

CHICKENS—Spring 15 and 30; grown 40, scarce.

BEESWAX—Firm 27c.

TALLOW—Firm at 4 1-2 to 5c per pound.

SWEET POTATOES—Firm at 60 to 70 cents per bushel.

HIDES—Dr. flint 13c; green 7c per pound

WOOL—Burr 12 to 15c; free of burr 18 to 20c.

GEESE—Out of Season.

PORK—Out of Season.

SHEEP—Grown $1.00 to $2.50.

LAMBS—Good demand $1.50 to $3.00.

PEAS—Out of Season.

IRISH POTATOES—New crop 40 to 50c per bushel, dull.

Peanuts.

(Reported by Rodgers, McCabe & Co.)

Spanish, firm at $1.35 per bushel; Virginias, firm at 4 to 4 3-4c. for Jumbo; 3 1-2 to 3 3-4c. for fancy hand picked; 2 1-2 to 2 3-4 c. for machine picked; 2 to 2 1-2c. for shelling stock.

Pure Foods and Pure Medicines

It has been proved, however, that all medicines are not adulterated and worthless any more than are all food products.

The wheat has been sifted from the chaff, and such medicines as Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and complies with all conditions of the Pure Food and Drugs Law, will continue to hold its place as the standard American remedy for female ills.

STOCK MARKET CLOSED WEAK

Reversal of Speculative Operations Feature Yesterday—Some Uneasiness Over Condition of the Steel Industry.

New York, Sept. 15.—The principal factor at work in the stock market today was the reversal of speculative operations for the advance attempted earlier in the week, and which have not met with encouraging response by attracting any substantial demand from outside sources. There grew up some uneasiness over the condition of the steel industry, which had the effect of giving positive force to the reaction. Price concessions were yielded grudgingly and there were signs of resistance and individual points of strength in the market, but the whole market gave way and closed decidedly weak.

Steel trade advices have pointed a subsistence of the revived demand for structural forms and some other finished product and to an obvious determination on the part of buyers to hold off for possible lower prices. Sellers at the same time were inclined to compete for business by onering down prices. An estimate published yesterday of pig iron stocks of 1,900,000 tons was disliked. With the elections and the Supreme Court decisions in the trust cases to wait for the speculative prospect offers so long a period of remaining uncertainty that attempts to shape prices to the future position are feared.

Further consideration of the apparent deadlock caused by the rejection of the railroad validation for cotton bills of lading by the foreign bankers suggested possible complications calculated to affect the money market. It is likely that the first effect will be to hasten cotton shipments before the date of the foreign bankers decision taking effect, which is October 31st.

The early fall in foreign exchange rates today was supposed to be a reflection of this expected forward movement of cotton. The yielding tendency of the price of copper added to the depressing influence of the steel trade position. The bulge in the cotton market did not disturb the feeling of confidence in the favorable progress of the crops, stocks were unaffected by this consideration.

Bonds were irregular. Total sales par value $2,142,000. United States 4s registered declined 1-4 per cent. on call. Total sales for the day 447,600 shares, including Sugar 300; A. C. L. 200; C. & O. 7,500; L. & N. 1,100; N. & W. 200; Reading 85,200; Sloss Sheffield 100; Southern Railway preferred 100; Union Pacific 64,600; U. S. Steel 124,000; V. C. C. 2,200.

COTTON MARKET YESTERDAY.

Steadier Tone to Liverpool—Reports of Deterioration Current.

New York, Sept. 15.—A steadier tone to Liverpool than expected formed the basis for the buying by the local trade this morning, who felt that the light receipts in the Atlantic States would cause spinners to buy more freely around the present basis of values. On this idea they absorbed all of the offerings finally bringing about a quick advance of some 20 points of which about 12 or 13 were maintained at the close.

Reports of deterioration were current as usual at this season of the year, on which a covering demand was secured. The feeling tonight was that the foreign markets would be sustained by the advance here checking the offerings from the South. On the advance here September was being quietly sold, evidently for the long account.

HUBBARD BROS. & CO.

NAVAL STORES.

New York, Sept. 15—Rosin and turpentine steady.

Savannah, Ga., Sept. 15.—Turpentine firm 72 to 1-2; receipts 581; shipments 294; stocks 18,745; sales 628.

Rosin, firm; sales 2,482; receipts 1,905; shipments 3,281; stocks 71,071.

Quote: B, 6.05 to 6.14; D, 6.15 to 6.20; E, 6.20 to 6.30; F, 6.25 to 6.30; G, 6.32 1-2 to 6.35; H, 6.35; I, 6.45; K, 6.50; M, 6.55 to 6.60; N, 6.75 to 6.95; G, 6.85 to 6.95; W.W. 6.90 to 7.25.

Charleston, S. C., Sept. 15.—Turpentine firm 71 1-4 to 3-4; sales 40; rosin firm; sales 210. Quote: ABC, 6.05; D, 6.15; E, 6.20; F, 6.25; G, 6.32 1-2; H, 6.35; I, 6.45; K, 6.50; M, 6.55; N, 6.75; WG, 6.85; WW, 6.90.

THE DRY GOODS MARKET.

New York, Sept. 15.—An improved demand for dry goods from the States east of the Mississippi is reported in the primary markets. Cotton goods hold fairly steady, but buying is still restricted. Prints and dress ginghams are selling steadily for quick shipment. Raw jute has advanced materially and burlaps have been advanced half cent a yard. Carpets and rugs are in steady demand.

CASPAR WHITNEY A BANKRUPT.

Author and Editor Owes $36,157.98 And Possesses $75.

New York, Sept. 15.—Caspar Whitney, author, wilderness explorer and former editor of Outing, was among those who filed voluntary petitions in bankruptcy in the United States District Court today.

Mr. Whitney states the amount of his liabilities as $36,157.98, and names as his principal unsecured creditor Robert Bacon, Ambassador to France, who loaned Whitney $29,000. All the author and editor has in the way of assets, he says, is $75 in bank.

In 1895 Mr. Whitney's wife, Mrs. Anna Childs Whitney, whom he married in 1889, obtained a divorce in Oklahoma. Later she married Charles A. Bandoine, prominent in social and sporting affairs in this city.

Whitney married again in March, 1897. His second wife was Cora Adele Chase, the daughter of Orrin Popplelton Chase, of Chicago. This second venture in matrimony also turned out badly, for in December, 1908, the second Mrs. Whitney obtained a divorce in Omaha, with an award of $300 a week allmony.

O'CONNOR ATTACKS MORGAN.

Gifts to British Museum, He Says Represents Blood of Slaves.

Sheffield, Eng., Sept. 14.—During today's sitting of the Trades' Union Congress T. P. O'Connor, Irish Nationalist member of parliament, in a speech attacking American capitalists, said he had seen cases of topaz in in the British Museum which had been presented to that institution by J. Pierpont Morgan.

Mr. O'Connor continued: "Every penny represented by those cases represented the sweat and blood of American white slaves." He added that there was no use in Mr. Carnegie giving libraries when men worked such long hours that they had no time to read.

The cost of a Business Local is a small fee to pay for securing a good tenant.

THE FINANCIAL MARKET.

New York, Sept. 15.—Money on call easy 1 3-4 to 2 per cent., ruling rate 2, closing bid 1 3-4, offered at 1 7-8. Time loans very dull and steady, 60 days 3 3-4 per cent., and 90 days 4 to 4 1-4, six months 4 1-2 to 4 3-4. Close: Prime mercantile paper 5 1-2 to 6 per cent. Sterling exchange strong at recovery with actual business in bankers' bills at 4.8360 to 4.8380 for 60 day bille and at 4.8635 for demand. Commercial bills 4.83 1-8 to 4.83 5-8. Bar silver 53 1-4. Mexican dollars 44.

Your kidney trouble may be of long standing, it may be either acute or chronic, but whatever it is Foley's Kidney Remedy will aid you to get rid of it quickly and restore your natural health and vigor. "One bottle of Foley's Kidney Remedy made me well," said J. Sibbull, of Grand View, Wis. Commence taking it now. Robt. R Bellamy.

SALE OF BANKRUPT STOCK.

The bid made at the sale of the goods, wares and merchandise, including fixtures, of Ed N. Penny, incorporated, bankrupt, which sale was this day duly made by the Trustee in Bankruptcy, having been increased 10 per cent. and a re-sale having been ordered;

Now, therefore, the undersigned Trustee will, on the 15th day of September, 1910, at 10 o'clock in the forenoon, at the store No. 28 South Front street, in Wilmington, N. C., sell at public auction for cash, the stock of goods, wares and merchandise, including fixtures, belonging to Ed N. Penny, incorporated, Bankrupt, the bidding to be started at the amount of the increased bid, to-wit, the sum of $2,860.

Dated this 10th day of September, 1910.

J. W. LITTLE, Trustee.

HEWLETT & PRICE

Differences too numerous to mention you'll notice here

We want you to trade in this store and we want you to be satisfied with everything you buy here. If you have a kick of any kind coming to you, kick straight to the boss, personally. Just come to us and ask. Give us a chance to make it right. Mistakes will happen, but we try in our buying to get for you merchandise that will serve you full value.

If you have never worn Stein-Bloch Smart Clothes we want to get you to try one suit. If you have been used to high grade custom tailored clothes the only difference you will notice will be the price. If you have been wearing other makes of ready-to-wear clothes, the differences will be too numerous to mention. We have just unpacked a splendid lot of new fresh Fall Suits in the fabrics and shades of the season.

A full line of Stetson Hats just received.

NEW SOUTHERN INDUSTRIES.

Those Reported For Week in Manufacturers' Record, of Baltimore.

(Special Star Correspondence.)

BaltiCmore, Sept. 15.—Among the many Southern industrial and other developmental announcements in this week's issue of the Manufacturers' Record are the following:

La Donna Land Syndicate, Donna, Texas, will invest $250,000 to build and equip a sugar mill, with a 24-hour capacity of crushing 600 tons of sugar cane.

Georgia Packing & Provision Co., Macon, Ga., is planning the construction of its plant which will have a daily capacity of 25 cattle and 200 hogs; this company's capitalization is $1,000,000.

J. T. Cameron, El Paso, Tex., has received franchise to establish a canning and packing plant costing about $200,000; initial annual capacity for killing, 30,000 beeves.

Davenport Brick & Tile Co., Davenport, Okla., was incorporated with $100,000 capital stock to establish a plant with a daily ouput of 100,000 bricks.

Ascension Red Cypress Co., New Orleans, will build a double band saw mill with an annual capacity of 40,000,000 feet of lumber, besides providing planing mill, dry kilns, logging railroad, electric light plant ,etc., cost over $200,000.

F. W. Poe Manufacturing Co., Greenville, S. C., will increase capital stock from $500,000 to $1,000,000 and construct several additional buildings, install about 10,000 spindles, etc.

Oakland Mill, Newberry, S. C., has organized and engaged architects for its proposed plant of 20,000 spindles, 600 looms, etc., operated by electricity from transmission lines of the Southern Power Co.

Pickett Cotton Mill, High Point, N. C., has awarded contract for erecting its buildings, which will be equiped with 12,000 spindles and 300 looms.

Wadsworth Red Asn Coal Co., Helena, Ala., will develop 1,500 acres of coal land, the initial daily capacity to be 1,500 tons.

Haley Coal Company, Lexington, Ky., has purchased and will develop 30,000 acres of coal and timber land.

Seng Creek Coal Co., Jarretts Ford, W. Va., was incorporated with $100,000 capital stock.

Madison County Cotton Oil Co., Jackson, Tenn., was incorporated with $50,000 capital stock.

Puxico Iron Company, Puxico, Mo., will develop 25,000 acres of iron ore land in Iron county, Missouri; contemplates the installation of compressed air equipment, electric dighting plant, cable system, etc.

World C. & C. R. System Co., Kirksville, Mo., plans constructing 14 buildings for a manufacturing plant to cost about $100,000; has not decided on city in which the plant will be located.

FOUR FIREMEN HURT.

Fifteen Men Rescued Through Windows in Baltimore Blaze.

Baltimore, Sept. 15.—While the building was enveloped in a dense smoke fifteen employes of the firm of Becker Bros. and Son, box manufacturers, Lexington and Frederick streets, were rescued from windows on the fourth and fifth floors by members of No. 1 Truck company this afternoon. The fire, which destroyed the interior of the big plant, was attended by spectacular features. Damage to the building and its contents amounted to $60,000, which is covered by insurance.

Four firemen were injured, three of them while on duty at the scene of the blaze, and the other while driving his engine to the fire.

Chief Horton arrived a few minutes after the sounding of the first alarm, but realizing the danger ordered a general alarm for the central section of the city, but the fire fighters were seriously hampered by the insufficient supply of water.

The fire originated in the shaving vault. This is a structure built in the basement, 100 feet long and 40 feet wide. The shavings from the rough lumber are deposited in this pit. When the fire was discovered the safe door of the vault in the office of the Becker company was open. The office was but a short distance from where the fire originated, and the vault contained the books and valuable papers of the firm. Charles Downes, an employee, managed to close the safe door before he was driven from the building by the flames.

Scores of persons living in the houses of the Hebrew quarter near by lost no time in removing their possessions, and storekeepers bundled up their stock and carried it to safety. Escaping water from bursting hose flooded Harrison street, and the water at midnight had hooded the street from curb to curb, causing damage in many cellars.

The ultimatum against the straw hat was issued by the weather man yesterday.

GODWIN IS NAMED IN SIXTH DISTRICTS

(Continued From Page One.)

150. The people turned out better than expected.

Brunswick County.

Southport, N. C., Sept. 15.—Southport precinct gives H. L. Godwin 166; O. L. Clark 1. Total votes cast 167. Northwest gives 24 for Clark and 13 for Godwin. Town Creek 55 for Godwin and 19 for Clark.

It is estimated that the Godwin majority in Brunswick will be in the neighborhood of 500. Late tonight Shallotte precinct reported 119 for Godwin and 3 for Clark; Mosquito Branch, Godwin 55, none for Clark. Other returns are not available tonight.

R sult in Columbus.

Whiteville, N. C., Sept. 15.—Returns from 15 precincts gives Godwin 1,163, Clark 372. Two small precincts are yet to oe heard from.

INDIANS ON RAMPAGE.

On Drunken Carousal on Reservation in North Carolina.

Spartanburg, Sept. 15.—Bearing the news that the Indians on the Cherokee reservation in Jackson county, N. C., are on a rampage in which at least one man has been killed and another probably mortally wounded, and declaring that he was forced to flee to save his own life, Charley Long, a full blooded Cherokee, arrived in Spartanburg tonight with his wife and six little pappooses.

Long said that a large quantity of whiskey was received at the reservation Saturday night and the Indians began a carousal which was still under way when he left Wednesday morning. Quarrels arose and on Monday one of the Indians, Tom Woodpecker, was shot and afterward disemboweled, while another, George Slowly, was seriously stabbed.

Of the 1,400 Indians on the reservation not more than two dozen are Christians according to Long.

Long said that he was hated because he was a Christian. He started to church Sunday morning but met with a hostile demonstration along the road and ran back home. He barricaded the door and remained there all day afraid to venture out again. The Indians, however, did not molest him.

On Monday he learned of the death of Woodpecker and the injury of the other man. He did not know who the murderer was. He remained more or less in hiding and would not be surprised, he said, to learn that others were killed.

The situation became intolerable and he determined to flee. Early Wednesday morning he took his wife and six children and left.

TAFT IS FIFTY-THREE.

President Quietly Celebrated His Anniversary Yesterday at Beverly.

Beverly, Mass., Sept. 15.—President Taft was 53 years old today, and celebrated his birthday anniversary quietly. was fairly deluged with telegrams of congratulation, one of the messages coming from King George V., of England. Aunt Delia Torrey sent her love.

The President golfed during the morning with John Hays Hammond and Capt. Archie Butt, and tonight he ate a birthday dinner with his friends, the McMillans, of Cincinnati, who have a Summer place near here. Mrs. Taft is in New York. The exchange of messages with King George was as follows

Balmoral, September 15, 1910.

"To the President of the United States, Washington.

"I wish to offer you my heartiest congratulations on the anniversary of your birthday.

(Signed) "GEORGE, RI."

"To His Majesty, King George, Balmoral, England.

"I thank Your Majesty sincerely for your cordial message of today.

(Signed) "WM. H. TAFT."

RECIPROCITY WITH CANADA.

Negotiations for Such on Arrangement to be Opened Next Month.

Beverly, Mass., Sept. 15—Negotiations for the arrangement of a reciprocity agreement between the United States and Canada will be opened next month.

It is learned in Beverly that the British ambassador, Mr. Bryce, has assented to the negotiations being carried on directly between Canada and the United States without the formality of being conducted through the British embassy.

The details of the meeting have not been arranged yet, but it is the hope of President Taft that before the end of October the representatives of both countries will be able to come together. Whether the United States will send delegates to Canada or Canada its representatives to Washington is not yet known. Neither is it known whether any agreement that may be reached will be made effective by concurrent legislation or by treaty. The Canadian premier, Sir Wilfred Laurier, has declared in favor of the proposed agreement and it is felt here that the negotiations will be carried to a successful end.

NIGHT RIDERS AGAIN.

Burned Two Tobacco Barnes in Kentucky Wednesday Night.

Brookville, Ky., Sept. 15.—Night riders presumably burned two barns in Bracken county last night and although the losses were small, both equity and anti-equity men suffered. The barns of W. O. Bradford, an equity society solicitor, and George B. Kenny, a non-equity planter, were burned.

Bands of masked men appeared simultaneously at both places soon after midnight and were seen setting fire to the barns. During the night rider troubles in Bracken county last summer Mr. Kenny permitted the State militia to encamp on his farm and since that time he has frequently been threatened with violence.

It was learned today that the night riders, before firing the two barns, rode to the grocery store of June station, between this city and Augusta, and asked the proprietor to get up and furnish them some coal oil. Staton refused to leave his home and the men, it is alleged, then went to the store of Allen Morehead.

COTTON MANUFACTURERS.

Concerted Action to Remedy Conditions in the Industry.

Portsmouth, N. H., Sept. 15.—Concerted action to remedy if possible the existing inactivity in the cotton industry may be taken by the National Association of Cotton Manufacturers, which opened its semi-annual meeting here tonight. During the next two days many papers of interest to the board will be read and considerable important business will be transacted..

Tonight's opening session was one of formal addresses, except for the announcement by the board of governors that George O. Castle, of Waterbury, Conn., had been awarded the association scholarship at the New Bedford textile school and the annual address of President Franklin W. Hobbs, of Brookline, Mass.

President Hobbs addressed the delegates on the general conditions of the cotton industry. He said in part:

"The cotton manufacturing industry has been in troublesous times since we met in April last. High prices for raw material and high rates of wages have been the situation on the one hand, and low prices for our manufactured products on the other. Curtailment and shut-down have resulted and the condition of the whole trade has been very unsatisfactory and disturbing. It is very evident that the prices for our products must advance and the buyers will have to pay more for them. While the cotton crop is still uncertain and anyone would be rash to predict, yet materially cheaper cotton seems unlikely."

Mr. Hobbs favored the proposition to establish bonded warehouses in cotton raising districts and perhaps also at cotton manufacturing centers for the storage of the cotton crop.

APPALACHIAN EXPOSITION.

Col Goethals to be Invited—Society Horse Show.

Knoxville, Tenn., Sept. 15.—The board of directors of the Appalachian Exposition this morning drafted a formal invitation to Col. Goethals, chief engineer of the Panama canal construction, inviting him to visit the exposition. R. L. Sites, personal representative of President W. J. Oliver, of the exposition company, leaves today for the isthmus of Panama to formally present the invitation. It is very elaborately executed on parchment. The importance of the Panama canal as an aid in developing the Appalachian mountain region makes this invitation very significant.

Tomorrow will be "colored business men's day" at the exposition and a very large attendance of negroes is expected. Robert E. Clay, of Bristol, Va., a negro leader in Virginia and an able speaker, will be the orator of the day.

The society horse shaw was inaugurated last night and will continue for three nights. The first night's programme was pronounced by many as equalling any show ever presented at Madison Square Garden.

The exposition management announces that the horse racing feature will be continued through the entire exposition period instead of through this week as was originally planned. The attendance at the exposition is gratifying and all who come marvel at its completeness.

I. O. O. F. IN ATLANTA.

Thousands of Visitors Expected in Georgia City Monday.

Atlanta, Ga., Sept. 15.—With the advent of the advance guard of delegates and visitors for the convention of the Sovereign Grand Lodge of I. O. O. F., which opens here next Monday, the committees to which have been assigned the preliminary work for the convention today began their session. The city already is being gaily decorated and it is expected to have the entire work completed by the time the convention opens Monday. Between 20,000 and 25,000 visitors are expected for the occasion. On Saturday preceding the convention an excursion will be given the delegates already in the city to interesting points nearby.

While the convention meeting will extend throughout next week, principal interest centers in the ceremonies next Wednesday night, when the grand decorations of chivalry will be conferred. This is an extraordinary degree, conferred annually by one of the cantons in the patriarchs militant.

VOLCANO ENDANGERS VESSEL.

Schooner, Caught in Showers of Ashes, is Nearly Overwhelmed.

Port Towensend, Wash., Sept. 15.—The cod fishing schooner Joseph Rush, arrived today from Bering Sea with reports of a narrow escape from destruction under ashes and debris thrown from the crater of Mount Shishaldin on Nnimak Pass.

On June 8th Shishaldin was emitting a cloud of ashes, which carried 30 miles by a gale, compelled the Rush's crew to go below. When the vessel had passed the downpour the crew had to break through the hatches, which were buried under a foot of ashes and pumice.

The schooner was sunk low on her water line, and if the vessel had not fortunately sailed out of the danger zone, she would have gone down.

LOCUSTS BY MILLIONS.

Bring Ruin and Destruction Upon Cultivated Regions of Yucatan.

Washington, Sept. 15.—Locusts by the millions have descended upon the cultivated regions of Yucatan and have left in their wake nothing but ruin and destruction among the principal crops. Vegetation generally has suffered, the chief loss being in the corn crop, a large percentage of which was destroyed. Consul McGowan, of Progreso, Mexico, reports to the Department of Commerce and Labor that vast quantities of corn will be imported.

EPIDEMIC AMONG CHILDREN.

Dysentery Threatens Orphanage Near Roanoke, Virginia.

Roanoke, Va., Sept. 15.—Two children are dead, three others are not expected to live and four others are seriously ill as the result of an epidemic of dysentery in the State Baptist orphanage at Salem, Va. The sick children have been isolated and it is believed the trouble is under control. The cause of the sickness is not known.

MISS TAFT QUITS COLLEGE.

Will Stay at Home and Assist Her Mother in Social Duties.

Philadelphia, Sept. 15.—Announcement is made at Bryn Mawr College that Miss Helen Taft, daughter of President Taft, will not return to the college this year. Instead it is declared she will stay at home and assist her mother in the many social duties devolving on "the first lady of the land."

Miss Taft's return to Bryn Mawr had not been expected by her close friends, but it was not known definitely that she had decided to discontinue her college course until the announcement just made.

Friends of Miss Taft say that her own inclinations were to continue her studies and that she had expressed eagerness to return this year and complete her term.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.
